Data Sharing Issues raised between MCP & PPS

- Clarify what governance structure/entity type is needed at the PPS level and/or service agreement with the MCP to share data.
  - OCHA – organized health care arrangement
  - Scenarios – hospital relationship aligned with the MCP and then if PPS Lead

- Liability and Breach considerations

- Downstream/upstream partner data sharing agreements

- PPS Systems Security Plan alignment

- Service agreements and BAA functions between and within the PPS, partners and the MCP

MCP Rosters of PPS Attributed Members

- MCP rosters of members by PPS are still pending

- Impacted by the delay in updating the PPS Attribution due to MC Encounter claims UAT

- Anticipate late August for updated Attribution run for all PPS

- Thereafter can prepare the updated MCO Rosters feeds

- DSRIP Dashboards have PPS Members who have opted out included in aggregate but not the drill down vs the MCP Member rosters expected to include all current members and their currently attributed PPS name
