State agencies must specify in each notice which proposes a rule the last date on which they will accept public comment. Agencies must always accept public comment: for a minimum of 60 days following publication in the *Register* of a Notice of Proposed Rule Making, or a Notice of Emergency Adoption and Proposed Rule Making; and for 45 days after publication of a Notice of Revised Rule Making, or a Notice of Emergency Adoption and Revised Rule Making in the *Register*. When a public hearing is required by statute, the hearing cannot be held until 60 days after publication of the notice, and comments must be accepted for at least 5 days after the last required hearing. When the public comment period ends on a Saturday, Sunday or legal holiday, agencies must accept comment through the close of business on the next succeeding workday.

For notices published in this issue:

- the 60-day period expires on July 7, 2022
- the 45-day period expires on July 23, 2022
- the 30-day period expires on August 7, 2022

Be a part of the rule making process!

The public is encouraged to comment on any of the proposed rules appearing in this issue. Comments must be made in writing and must be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address are printed in the notice of rule making. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (www.dos.ny.gov) may send public comment via electronic mail to those recipients who provide an e-mail address in Notices of Proposed Rule Making. This includes Proposed, Emergency Proposed, Revised Proposed and Emergency Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The law provides for a minimum 60-day public comment period after publication in the *Register* of every Notice of Proposed Rule Making, and a 45-day public comment period for every Notice of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date on which they will accept public comment.

When a time frame calculation ends on a Saturday or Sunday, the agency accepts public comment through the following Monday; when calculation ends on a holiday, public comment will be accepted through the following workday. Agencies cannot take action to adopt until the day after expiration of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

ERRATUM

A Notice of Revised Rule Making pertaining to the Personal Cultivation of Cannabis – Proposed Addition of Part 115 to Title 9 NYCRR, published in the May 4, 2022 issue of the *State Register*, I.D. No. OCM-46-21-00010-RP, inadvertently included an incorrect version of revised rule text. The correct text, which was voted on and approved by the Cannabis Control Board and posted on the website of the Office of Cannabis Management, is published below. To ensure full opportunity to comment on the revised rule, the public comment period is extended until 45 days after publication of this Erratum. As indicated in the Notice of Revised Rule Making published in the May 4th Register, public comment may be submitted to Diana Yang, Office of Cannabis Management, Building 9, Harriman Campus, 1220 Washington Ave., Albany, NY 12226, (888) 626-5151, email: regulations@ocm.ny.gov

Text of revised rule: Pursuant to the authority vested in the Cannabis Control Board by sections 13, 41 and 43 of the Cannabis Law, Subtitle B of Title 9 of the Official Compilation of Codes, Rules and Regulations of the State of New York is hereby amended, and a new Chapter II is added, to be effective upon publication of a Notice of Adoption in the New York State Register, to read as follows:

Chapter II – Rules of the Office of Cannabis Management

Part 115 - Personal Home Cultivation of Medical Cannabis.

Section 115.1 Definitions.

(a) *For purposes of this section, the following definitions shall apply:*

(1) “Cultivation” means growing, cloning, harvesting, drying, curing, grading, and trimming of the cannabis plant.

(2) “Designated caregiver” means an individual designated by the certified patient. A designated caregiver is twenty-one years of age or older for purposes of this Part.

(3) “Immature cannabis plant” means a non-flowering female

cannabis plant or a cannabis plant which does not have buds that may be observed by visual examination.

(4) “Mature cannabis plant” means a female plant that has flowered and that has buds that may be observed by visual examination.

(5) “Office” means the New York State office of cannabis management.

(6) “On the grounds” means the external areas of the private residence where the individual resides and has legal rights to use such external areas for their own purposes, including but not limited to, a backyard or any land adjacent to the private residence.

(7) “Personal Home cultivation” means growing, cloning, harvesting, drying, curing, grading, and trimming of cannabis plants for medical use that is subject to Cannabis Law Article 3 and Penal Law Article 222.

(8) “Private residence” means any building or part of a building, or structure designed and occupied for residential purposes, including but not limited to a private home; townhouse; condominium; co-op; apartment; or mobile home. For purposes of this Part, a hospital, hotel, motel, resort, or other similar public accommodation, shall not be considered a private residence, except as may be expressly allowed by the Board.

(9) “Process” or “Processing” means extracting, preparing, treating, modifying, compounding, manufacturing or otherwise manipulating cannabis for use to concentrate or extract its cannabinoids. For purposes of this section, processing does not include growing, cultivation, cloning, harvesting, drying, curing, grinding, or trimming.

Section 115.2 Personal Home Cultivation of Medical Cannabis.

(a) Certified patients twenty-one years of age or older may cultivate cannabis for personal use pursuant to Section 115.2 of this Part.

(b) Designated caregivers twenty-one years of age or older, caring for a certified patient either younger than twenty-one years of age or whose physical or cognitive impairments prevent them from cultivating cannabis, may cultivate cannabis for use by such patient, provided that no patient may have more than one designated caregiver grow on their behalf.

(c) The personal home cultivation of medical cannabis may only occur in, or on the grounds of, a person’s private residence.

(d) No certified patient shall plant, cultivate, harvest, dry, process or possess more than three mature cannabis plants and three immature cannabis plants at any one time.

(e) No more than six mature and six immature cannabis plants may be cultivated, harvested, dried, or possessed within any private residence, or on the grounds of any private residence.

(f) No certified patient or designated caregiver shall sell or barter any cannabis seeds, immature cannabis plants, mature cannabis plants, or cannabis, produced by a plant cultivated pursuant to this Part, to any other person. This subdivision does not prohibit the transfer, without compensation, to a certified patient or a designated caregiver twenty-one years of age or older, up to three ounces of cannabis and up to twenty-four grams of concentrated cannabis.

(g) A certified patient or designated caregiver may lawfully possess up to five pounds of personal home cultivated cannabis in their private residence or on the grounds of such person’s private residence per section five of penal law section 222.15.

(h) Except as otherwise approved by the Office, no certified patient or designated caregiver shall process cannabis at home by means of any liquid or gas, other than alcohol, that has a flashpoint below 100 degrees Fahrenheit.

(i) Immature cannabis plants and mature cannabis plants must be stored in a secure location within a private residence or on the grounds of

such certified patient or designated caregiver's private residence; and reasonable measures must be taken to ensure that such plants, and any cannabis cultivated from such plants, is not readily accessible to anyone under the age of 21. Such reasonable measures may include but are not limited to:

(1) conducting cannabis cultivation in an enclosed area, which may not be plainly visible from public view, including from the street of the private residence or on the grounds of the certified patient or designated caregiver's private residence; and

(2) locking and storing cannabis in a manner that prevents theft, loss, or access, which may include, but are not limited to locks, gates, doors, fences, and other barriers by an unauthorized person, including a person under the age of 21.

(j) Certified patients utilizing a designated caregiver shall identify a single site for cultivation of their medical cannabis.

(k) Designated caregivers growing on behalf of a certified patient may grow up to six cannabis plants for one certified patient. A designated caregiver can grow for up to four certified patients at a time. Provided however, a designated caregiver shall not grow more than twelve cannabis plants.

(l) In addition to the requirements in Section 115.2 of the Part, designated caregivers shall:

(1) keep any cannabis being cultivated for the designated caregiver's certified patient separate from any other cannabis being cultivated, and in a manner that can readily determine to whom such cannabis plants belong;

(2) only receive reimbursement for the actual costs of goods, materials, or utilities for which they have incurred expenses directly related to the cultivation of cannabis for the certified patient, and not receive reimbursement or compensation for their time, knowledge, or expertise;

(3) not sell any cannabis produced by any immature cannabis plant or mature cannabis plant which is or was cultivated for a certified patient, even if the certified patient no longer needs or wants such cannabis; and

(4) only cultivate cannabis at, or on the grounds of, the designated caregiver's private residence or the certified patient's private residence.

(m) No landlord may refuse to lease, or otherwise penalize a certified patient or designated caregiver solely for engaging in medical cannabis activity as authorized by this Part and in accordance with Cannabis Law, except:

(1) if failing to do so would cause the landlord to lose a monetary or licensing related benefit under federal law or regulations; or

(2) if a property has in place a smoke free policy, it is not required to permit the smoking of cannabis products on its premises, provided no restriction may be construed to limit the certified medical use of cannabis.

(n) Section 115.2(k) of this Part does not exempt an individual from being liable for any property damage as outlined in their lease agreement.

Section 115.3 Sale of Medical Cannabis for Home Cultivation.

(a) No person or entity shall sell medical cannabis plants or seeds for home cultivation unless it has complied with the Cannabis Law, this Part, any other applicable federal and state rules, regulations and laws as amended for medical cannabis, and is a registered organization registered in accordance with Article 3 of the Cannabis Law or a licensee authorized by the Office of Cannabis Management.

(b) Prior to selling medical cannabis for home cultivation, registered organizations or licensees shall update standard operating procedures to include activities related to home cultivation and furnish the standard operating procedures to the Office upon request.

(c) Packaging and Labeling requirements. Notwithstanding any other law or regulation, each cannabis plant or package of seeds for sale shall be labeled with an unobstructed and conspicuous label prior to being transported to the dispensing facility or delivered to the patient as follows:

(1) Labeling shall include the following information:

(i) strain name in bold type;

(ii) product type (eg cannabis seeds, cannabis plant);

(iii) potential potency, as confirmed by testing of the parent cannabis plant (THC:CBD levels);

(iv) date of harvest;

(v) unique identification number (UID);

(vi) any pesticides used in the cultivation;

(vii) name of the entity, licensed or registered with the Office, that cultivated the cannabis;

(viii) name of the entity, licensed or registered with the Office, that sold the cannabis, if different from cultivator;

(ix) for seeds, a seed count and net weight must be included on the packaging label in US customary units and metric;

(x) a warning to "keep out of reach of children"; and

(xi) any other information as determined by the Office.

(2) The label shall be printed on or affixed to any package or container that is used to display the cannabis seed or cannabis plant for retail sale.

(3) Packaging shall be in a manner that is not attractive to minors and that preserves the integrity of the cannabis. Seed packaging shall not be plastic.

(4) Packaging and labeling shall not contain any untruthful or misleading statements including, but not limited to, health or benefit claims.

(d) Transport. Notwithstanding any other law or regulation, a registered organization or licensee shall transport medical cannabis for home cultivation in a manner determined by the Office and shall ensure that the following are provided to the dispensing facility, patient, or designated caregiver receiving the transport or delivery:

(1) written instructions for basic care and environmental considerations for the plants (light, water, temperature controls) and the method for destruction if necessary, such as if the plants develop disease, or die; and

(2) disclosure of any pesticide used in cultivation and a document signed by a duly authorized representative from the registered organization or licensee attesting that only pesticides that are registered by the New York State Department of Environmental Conservation or that specifically meet the United States Environmental Protection Agency registration exemption criteria for Minimum Risk Pesticides, and only in accordance with section 325.2(b) of title 6 of the NYCRR have been used;

(e) Storage at the dispensing facilities. Notwithstanding any other law or regulation, all medical cannabis seeds and immature plants shall be:

(1) stored in a secure area or location within the dispensing facility accessible to the minimum number of employees essential for efficient operation, to prevent diversion, theft or loss; and

(2) stored in such a manner as to protect against physical, chemical and microbial contamination and deterioration. However, a registered organization or licensee shall not apply any pesticides to live plants at the dispensing facility;

(f) Sales of medical cannabis for home cultivation. Registered organizations or licensees shall:

(1) only conduct sales of medical cannabis for home cultivation at their dispensaries or via delivery service to certified patients twenty-one years of age or older or their designated caregivers who are registered with the Office;

(2) sell seeds and immature plants only in quantities determined by the Office in guidance.

(3) provide certified patients or their designated caregivers with a safety insert at the time of sale consistent with guidance issued by the office. The safety insert shall include:

(i) the medical cannabis strain and potential potency;

(ii) information about contraindications;

(iii) warning of adverse effects and/or any potential dangers stemming from the use of medical cannabis;

(iv) instructions for reporting adverse events;

(v) a warning about driving and operation of mechanical equipment while under the influence of medical cannabis;

(vi) information on tolerance, dependence and withdrawal, and substance abuse, how to recognize what may be problematic usage of medical cannabis and how to obtain appropriate services or treatment;

(vii) language stating medical cannabis seeds and plants must be kept secure and out of reach of children;

(viii) language stating that the certified patient, or designated caregiver, may not distribute medical cannabis to anyone else;

(ix) language stating that unwanted, excess, or contaminated medical cannabis must be disposed of in a manner that makes it nonrecoverable beyond reclamation, except for stalks, stems, fan leaves, root balls, and soil media;

(x) language stating that medical cannabis for home cultivation is not required to be, and has not been, safety compliance tested; and

(xi) any other information as determined by the Office.

(g) *Reporting and recordkeeping.* Notwithstanding any other law or regulation, registered organizations or licensees shall perform seed to sale tracking of medical cannabis for home cultivation and submit seed to sale data from the registered organization's or licensee's system of record to the Office in a format as determined by the Office.

(h) *Returns, complaints and adverse events.*

(1) *Medical cannabis seeds or plants returned to the dispensing facility shall be securely stored separate from working inventory while awaiting disposal and disposed of as determined by the Office.*

(2) *Registered organizations or licensees shall notify the Office within 24 hours of the following;*

(i) *any adverse events that the registered organization or licensee is made aware of;*

(ii) *any incident involving theft, loss or possible diversion of medical cannabis;*

(iii) *any suspected or known security breach or other facility event that may compromise public health or safety, or which requires response by public safety personnel or law enforcement;*

(iv) *any vehicle accidents or incidents occurring during transport of medical cannabis.*

(3) *Within ten days of the occurrence of one of the events in paragraph (2) of this subdivision, the registered organization or licensee shall submit a complete written incident report to the Office detailing the circumstances of the event, any corrective actions taken, and where applicable, confirmation that appropriate law enforcement authorities were notified.*

(4) *Quarantine any lot of medical cannabis returned or as directed by the Office, and not transport, distribute, dispense or destroy such lot unless prior approval is obtained from the Office.*

(5) *Submit medical cannabis, samples and manufacturing materials to the Office upon request.*

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Exclusion of Certain Pre-K and Kindergarten Child Day Care Providers from the Definition of "Child Day Care"

I.D. No. CFS-23-22-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: This is a consensus rule making to amend Parts 413 and 415 of Title 18 NYCRR.

Statutory authority: Social Services Law, sections 20(3)(d), 390(1)(a)(ii)(d) and (2)(d)(i)

Subject: Exclusion of certain pre-K and kindergarten child day care providers from the definition of "child day care".

Purpose: To exclude certain pre-K and kindergarten programs operated by public school districts from the definition of "child day care".

Text of proposed rule: Subparagraph (v) of paragraph (2) of subdivision (a) of section 413.2 is amended to read as follows:

(v) a kindergarten, pre-kindergarten or nursery school for children three years of age or older, or a program for school-age children conducted during non-school hours, operated by a public school district or by a private school or academy which is providing elementary or secondary education or both in accordance with the compulsory education requirements of the Education Law, provided that such kindergarten, pre-kindergarten, nursery school or program is located on the premises or campus where the elementary or secondary education is provided. *Provided, however, a kindergarten or a pre-kindergarten operated by a public school district shall not be considered a child day care if the kindergarten or pre-kindergarten is not located on the premises or campus where the elementary or secondary education is provided.*

Paragraph (1) of subdivision (i) of section 415.1 is amended to read as follows:

(1) pre-kindergarten and nursery school programs for children three years of age or older, and programs for school-age children conducted

during non-school hours, operated by public school districts or by private schools or academies which provide elementary or secondary education or both in accordance with the compulsory education requirements of the Education Law, provided that such pre-kindergarten, nursery school or school-age programs are located on the premises or campus where the elementary or secondary education is provided. *Provided, however, a kindergarten or a pre-kindergarten operated by a public school district shall not be required to be located on the premises or campus where the elementary or secondary education is provided;*

Text of proposed rule and any required statements and analyses may be obtained from: Lisa Vasanani, Office of Children and Family Services, 52 Washington Street, Rensselaer, NY 12144, (518) 474-8310, email: regcomments@ocfs.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Consensus Rule Making Determination

This rule is exempt from the formal rule making process because it is being proposed as a consensus rule making. This rule is proposed by the Office of Children and Family Services as a consensus rule making based upon the expectation that no person is likely to object to its adoption because it merely conforms the regulation to the corresponding statute, which was amended by ch. 328 of the Laws of 2021.

Job Impact Statement

The proposed regulatory amendments will not have a substantial adverse impact on jobs or employment opportunities. A full job impact statement has not been prepared for the proposed regulations as it is evident from the subject matter of the rule that the proposed regulations will not result in the loss of jobs.

Text of proposed rule: 6 NYCRR Part 325 is amended to read as follows:

Section 325.1 through Section 325.41 remain unchanged.

A new section 325.42 is added to read as follows:

Section 325.42-Glyphosate use on state property

(a) Definitions. As used in this section, the following terms have the following meanings:

(1) “Contractor” means any person that agrees to conduct work under the terms of a contract with a state department, state agency, or public benefit corporation.

(2) “Critical infrastructure” means systems, assets, places, environmental resources, or things so vital to the State that the disruption, incapacitation or destruction of such systems, assets, places, or environmental resources, could jeopardize the health, safety, welfare, or security of the State, its residents, its environment, or its economy.

(3) “Critical native plant species” means any plant species identified by the New York State Natural Heritage Program under Environmental Conservation Law Section 11-0539 with a subnational ranking as critically imperiled, imperiled, or vulnerable; or any plant species identified as endangered, threatened, or rare in 6 NYCRR Section 193.3 under Environmental Conservation Law Section 09-1503; or as identified by the Department.

(4) “Ecosystem” means a dynamic complex of plant, animal, and microorganism communities and the nonliving environment, interacting as a functional unit.

(5) “Ecosystem health” means the ability of the ecosystem to be stable or resilient to stress primarily caused by human activities.

(6) “Habitat” means the environment in which a plant, animal, or other organism lives and grows.

(7) “Invasive species” means any species identified under Environmental Conservation Law Section 9-1709 or as identified by the Department.

(8) “Location” means the physical address of the property on which the pesticide is applied or, if a specific physical address does not exist a description of the application area including street names, county, municipality, zip code, and other identifying features.

(9) “Noxious plant” means any plant that can directly or indirectly injure or cause damage to natural resources or the environment.

(10) “Pests of significant public health importance” means any pest recognized as a pest of concern to a local, state, or federal public health program or the Department; for example, Giant Hogweed, Poison Ivy, and ticks.

(11) “Public benefit corporation” means a corporation organized to construct or operate a public improvement wholly or partly within the state, the profits from which inure to the benefit of this or other states, or to the people thereof.

(12) “State agency” means any executive or regulatory body of New York State designated as an agency.

(13) “State department” means any state agency designated as a “department” by name.

(14) “State property” means any New York State-owned real property operated by a state department, state agency, or public benefit corporation, including only surface waters of the State that are fully contained within the boundaries of New York State-owned real property operated by a state department, state agency, or public benefit corporation.

(15) “Subcontractor” means any person that agrees to conduct work under the terms of a contract for a contractor hired by a state department, state agency, or public benefit corporation.

(b) Requirements: As provided in subdivision 12 of Environmental Conservation Law Section 33-1301, any state department, state agency, public benefit corporation, contractor, or subcontractor may only apply glyphosate on state property if the state department, state agency or public benefit corporation demonstrates that all of the conditions in paragraphs one through five of this subdivision are met prior to such application.

(1) The state department, state agency or public benefit corporation must document that the application is necessary for one of the uses listed in subparagraphs 325.42(b)(1)(i) through (iv) below:

(i) to maintain critical infrastructure;

(ii) to maintain roadside vegetation to ensure public safety;

(iii) to manage habitat for one of the following purposes listed in clauses 325.42(b)(1)(iii) ‘a’ through ‘d’ below:

(a) control invasive species;

(b) control pests of significant public health importance;

(c) control noxious plants injurious to ecosystem health; or

(d) protect critical native plant species; or

(iv) conduct research into the environmental motility of glyphosate or to develop suitable alternatives to glyphosate for agricultural and environmental uses.

(2) The state department, state agency, or public benefit corporation must develop a human exposure assessment documenting that there will be no actual or significant threat of direct human exposure to glyphosate. This human exposure assessment must address:

(i) Potential settings and pathways of exposure to glyphosate for pesticide applicators, on-site workers, and the public;

(ii) Procedures used to prevent direct human exposures to glyphosate including:

(a) Following precautionary statements contained in the pesticide label directions; and

(b) Implementing site-specific human exposure precautions warranted for the specific application. Site specific human exposure precautions may include the use of visual markers, barriers, or other means to prevent human exposure to glyphosate; and

(iii) An update to the human exposure assessment, prior to the application of glyphosate, if any conditions of the human exposure assessment are modified.

(3) Any person that applies glyphosate on state property for or on behalf of a state department, state agency, or public benefit corporation must apply glyphosate in accordance with the procedures described in the human exposure assessment developed by the state department, state agency, or public benefit corporation for which or on whose behalf glyphosate is being applied.

(4) The state department, state agency or public benefit corporation must develop a glyphosate alternatives analysis demonstrating that there are no effective and practicable alternatives to the use of glyphosate. This glyphosate alternatives analysis must address, at a minimum, the following factors related to using glyphosate and its alternatives:

(i) a description of costs;

(ii) resource requirements for pest control;

(iii) availability of pesticide products;

(iv) toxicity to humans and non-target organisms;

(v) environmental effects; and

(vi) an update to the glyphosate alternatives analysis, prior to the application of glyphosate, when any of the conditions of the glyphosate alternative assessment are modified.

(5) Any person that applies glyphosate on state property for or on behalf of a state department, state agency, or public benefit corporation must apply glyphosate in accordance with the glyphosate alternative analysis developed by the state department, state agency, or public benefit corporation for which or on whose behalf glyphosate is being applied.

(c) Documentation. A state department, state agency, or public benefit corporation seeking to apply or hire a contractor or subcontractor to apply glyphosate on state property, must document prior to the application that all the conditions in subdivision 325.42(b) are met.

(1) This documentation must include the following information:

(i) the planned date(s) or date range of the application(s);

(ii) the justification(s) for the application as required by paragraph 325.42(b)(1);

(iii) the application location(s);

(iv) the target pest(s);

(v) the human exposure assessment as required by paragraph 325.42(b)(2); and

(vi) the glyphosate alternatives analysis as required by paragraph 325.42(b)(4).

(2) This documentation must be kept for a minimum of three years following the date(s) of the application(s) and must be available for inspection upon request by the department.

(d) Reporting. When glyphosate is applied to state property, the state department, state agency, or public benefit corporation must send an annual glyphosate use report to the department by January 15 for the prior calendar year.

(1) This report must be in a digital or electronic format established or accepted by the department and include the following information:

(i) official name of the state department, state agency, or public benefit corporation;

(ii) pesticide agency or pesticide business registration number, if applicable;

(iii) pesticide product name;

(iv) the United States Environmental Protection Agency registration number of the pesticide product;

(v) amount of pesticide product applied; and

(vi) location of application.

(2) A copy of this report must be kept for a minimum of three years following the date(s) of the application(s) and must be available for inspection upon request by the department.

Additional matter required by statute: Pursuant to Article 8 of the ECL, the State Environmental Quality Review Act, an Environmental Assessment Form, determination of significance (negative declaration), and Coastal Assessment Form have been prepared and are on file with the Department.

Summary of Regulatory Impact Statement (Full text is posted at the following State website: <https://www.dec.ny.gov/regulations/regulations.html>):

1. STATUTORY AUTHORITY

This proposed rulemaking is required by subdivision 12 of Section 33-1301 of the Environmental Conservation Law (ECL) and will revise 6 NYCRR Part 325 by adding Section 325.42 to address the prohibition and exemptions from prohibition of glyphosate use by state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property.

2. LEGISLATIVE OBJECTIVES

The New York State Legislature developed this legislation to protect the health, safety, and wellbeing of the residents of the state from the potential impacts of the pesticide glyphosate, while permitting its application under certain defined circumstances for critical uses.

3. NEEDS AND BENEFITS

Glyphosate is a broad-spectrum herbicide active ingredient with approximately 200 products registered in New York State. Glyphosate is commonly used by state departments, state agencies, and public benefit corporations for various vegetation control projects.

There has been discussion and debate over the last several years regarding glyphosate being a possible human carcinogen and potentially

contributing to Non-Hodgkin's Lymphoma or Chronic Lymphocytic Leukemia. The World Health Organization's International Agency for Research on Cancer described glyphosate as a probable human carcinogen. However, the United States Environmental Protection Agency (USEPA) released the glyphosate interim decision affirming that glyphosate is unlikely to be a human carcinogen and did not identify risks or concerns to human health when glyphosate products are used according to the label directions.

To address the potential health impacts and the public perception associated with glyphosate use the New York State Legislature deemed it in the public interest to prohibit the use of glyphosate on state properties. To achieve this, they passed legislation in 2020 creating chapter 378 of the laws of 2020, which established a new subdivision 12 of Section 33-1301 of the ECL that completely prohibited the application of glyphosate by state departments, state agencies, public benefit corporations, their contractors, or their subcontractors on state property. However, there was a recognition that there were uses of glyphosate that were necessary and through a 2021 chapter amendment, specifically chapter 19 of the laws of 2021, exemptions to this prohibition were added to subdivision 12. As required by the ECL the proposed addition of Section 325.42 to 6 NYCRR Part 325 will address the parameters in which glyphosate use on state property can be applied under subdivision 12 of Section 33-1301 of the ECL.

In addition to the requirements for the use of glyphosate on state properties the statute also requires the Department to post information on its website regarding glyphosate use on state properties, including amount and location, by April first of each year. To accomplish this objective state departments, state agencies, and public benefit corporations will be required to report their use of glyphosate.

4. COSTS

Costs to Industry:

This proposed rule is expected to have little cost impacts to industry since it only relates to state departments, state agencies, public benefit corporations, their contractors, or their subcontractors on state property. In the case of contractors or subcontractors working on state properties, it is likely that herbicide applications will be made with a glyphosate alternative or under an exemption to the glyphosate prohibition in the statute and regulations. Therefore, the impact on these contractors or subcontractors should be minimal.

Costs to Department and the State:

The Department is responsible for the implementation and administration of this proposed regulation. It is anticipated that the proposed regulation will increase costs through staff time associated with outreach, compliance, and reporting efforts, as well as the development of a new reporting and data management system. Furthermore, reporting, documentation, and research costs by state departments, state agencies, and public benefit corporations may also increase slightly if they choose to use glyphosate under an exemption.

State departments, state agencies, and public benefit corporations that are no longer permitted to apply glyphosate may experience added costs to achieve similar vegetation control. In some instances, programs at the Department have estimated that the use of alternative pesticides to glyphosate may be two to three-times the cost to achieve the same level of vegetation control and mechanical vegetation control has proven to be costly, time consuming, and may require specialized equipment.

Costs to Local Governments:

There are no anticipated costs to local governments.

5. LOCAL GOVERNMENT MANDATES

The proposed rulemaking does not directly mandate the expenditure of funds by local government agencies because it does not apply to local governments.

6. PAPERWORK

The proposed rulemaking will require additional paperwork for state departments, state agencies, and public benefit corporations that choose to apply glyphosate under an exemption. The additional paperwork required by this proposed regulation will be a written assessment to document the exemption to the prohibition of the use of glyphosate, a human exposure assessment, a glyphosate alternative analysis, and the reporting of glyphosate use.

7. DUPLICATION

The proposed regulation does not duplicate any federal or state regulations or statutes.

8. ALTERNATIVES

The no action alternative was not considered during the development of this proposed regulation given that the statute requires the Department to develop regulations regarding the use of glyphosate by state departments, state agencies, and public benefit corporations. However, the Department did consider the alternative of not requiring a written assessment for glyphosate use under the exemptions for state departments, state agencies, and public benefit corporations. It was determined that this option would

not provide an adequate level of oversight and information required to ensure that the Department meets its statutory responsibilities. Therefore, this alternative was rejected.

9. FEDERAL STANDARDS

Under the Federal Insecticide, Fungicide, and Rodenticide Act, (FIFRA), specifically 7 U.S.C. 136v, a State may regulate the sale or use of any federally registered pesticide in the State but only if, and to the extent that, the regulation does not permit any sale or use prohibited by FIFRA. Currently, glyphosate is registered with USEPA and it is allowed to be sold and used in New York State. This proposed rulemaking exceeds the federal minimum standards in that it limits the use of glyphosate by state departments, state agencies, and public benefit corporations, an action that is not prohibited by FIFRA.

10. COMPLIANCE SCHEDULE

Compliance with this proposed rulemaking will be required upon adoption of the final regulation.

11. INITIAL REVIEW OF RULE

DEC will conduct an initial review of the rule within three years as required by SAPA § 207.

Regulatory Flexibility Analysis

The New York State Environmental Conservation Law (ECL) was amended to add subdivision 12 to Section 33-1301 to prohibit the use of glyphosate by state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property. Even though this subdivision prohibits the use of glyphosate the Legislature provided exemptions to this prohibition for critical uses of this pesticide. In this amendment the Legislature also required the New York State Department of Environmental Conservation (Department) to promulgate regulations describing the circumstances and conditions in which these critical uses are permitted and to post information on its website regarding glyphosate use by state departments, state agencies, public benefit corporations, their contractors, or their subcontractors on state property. To achieve this statutory directive the Department's proposed rulemaking will revise 6 NYCRR Part 325 by adding section 325.42 to describe the parameters for glyphosate use by state departments, state agencies, public benefit corporations, their contractors, or their subcontractors on state property. This proposed rulemaking will also require state departments, state agencies, and public benefit corporations to report their glyphosate use on state properties to the Department.

1. EFFECT OF RULE

Subdivision 12 of ECL Section 33-1301 prohibits the use of glyphosate by state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property to provide public safety and environment protections. This subdivision also provides exemptions to the prohibition for critical uses of glyphosate. Moreover, this subdivision requires the Department to promulgate regulations describing the circumstances and conditions in which these critical uses are permitted and to post information on its website regarding glyphosate use by state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property.

The critical uses identified by the Legislature were to maintain critical infrastructure, control roadside vegetation to ensure public safety, control invasive species, control noxious weeds injurious to ecosystem health, protect native plants, and conduct research on state properties to study the alternatives and the environmental motility of glyphosate. The option to use glyphosate under an exemption in the statute only applies if there is no actual or significant threat of direct human exposure and there are no effective and practicable alternatives to glyphosate use.

The proposed rulemaking is not expected to have an impact on local governments or small businesses as it only applies to state departments, state agencies, public benefit corporations, their contractors, or their subcontractors on state property. The limited scope of this proposed rulemaking will allow small businesses that may contract or subcontract with state departments, state agencies, or public benefit corporations to use alternative pesticides or practices instead of glyphosate to control vegetation. Furthermore, the exemption for critical uses in the proposed rulemaking will allow them to use glyphosate when it is appropriate. Based upon these alternatives and exemptions it is expected that small businesses, employing certified pesticide applicators, will be able to continue to contract with state departments, state agencies, or public benefit corporations. Therefore, there should be no impacts to small businesses. Likewise, this proposed rulemaking should not result in impacts to local governments since it does not apply to them.

2. COMPLIANCE REQUIREMENTS

Small businesses will be required to adhere to the contracting requirements with state departments, state agencies, or public benefit corporations associated with the use of glyphosate or glyphosate alternatives on state properties. In addition, they may only apply glyphosate on state property when permitted by an exemption identified in the statute and proposed

rulemaking. The additional paperwork required by this proposed regulation does not apply to small businesses but instead applies to the state departments, state agencies, and public benefit corporations that choose to apply glyphosate under an exemption and either apply themselves or hire a contractor or subcontractor. Local governments do not have any compliance requirements since this proposed rulemaking does not apply to them.

3. PROFESSIONAL SERVICES

There is no anticipated need for additional professional services for local governments or small businesses associated with this proposed rulemaking.

4. COMPLIANCE COSTS

It is anticipated that there should not be compliance costs for local governments since they do not have any compliance requirements associated with this proposed rulemaking. The compliance costs to small businesses should be minimal since the proposed rulemaking focuses on state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property. Although small businesses will be required to adhere to their contracting requirements with state departments, state agencies, or public benefit corporations associated with the use of glyphosate and glyphosate alternatives on state properties it is not anticipated that this will increase costs for these small businesses. Small businesses that do not contract with state departments, state agencies, or public benefit corporations will not be impacted by this rulemaking.

5. ECONOMIC AND TECHNOLOGICAL FEASIBILITY

The Department has focused on proposing this rulemaking in a manner that is technically sound and economical. To minimize the technological and economic impacts associated with this proposed rulemaking research was conducted into the availability of glyphosate alternatives to allow state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property to continue their operations without interruption. There are several alternative pesticide products, similar to glyphosate, that can be used when this regulation goes into effect allowing for a smooth transition period.

6. MINIMIZING ADVERSE IMPACT

The proposed regulation is not expected to have an adverse impact on jobs and employment opportunities. The Department already regulates pesticide use and there are several alternatives to glyphosate available. The proposed regulation provides exemptions for essential uses as well. Therefore, the statute and this proposed rulemaking have minimized adverse impacts.

7. SMALL BUSINESS AND LOCAL GOVERNMENT PARTICIPATION

In addition to comprehensive internal review, the Department has conducted a stakeholder meeting, informal meetings, and calls with interested parties associated with this proposed rulemaking.

8. CURE PERIOD OR OTHER OPPORTUNITY FOR AMELIORATIVE ACTION

Compliance with this proposed rulemaking will be required upon the effective date of the final rule.

9. INITIAL REVIEW OF RULE

The Department will conduct an initial review of the rule within three years as required by SAPA § 207.

Rural Area Flexibility Analysis

The New York State Environmental Conservation Law (ECL) was amended to add subdivision 12 to Section 33-1301 to prohibit the use of glyphosate by state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property. Even though this subdivision prohibits the use of glyphosate the Legislature provided exemptions to this prohibition for critical uses of this pesticide. The Legislature also required the New York State Department of Environmental Conservation (Department) to promulgate regulations describing the circumstances and conditions in which these critical uses are permitted and to post information on its website regarding glyphosate use by state departments, state agencies, public benefit corporations, their contractors, or their subcontractors on state property. To achieve this statutory directive the Department's proposed rulemaking will revise 6 NYCRR Part 325 by adding section 325.42 to describe the parameters for glyphosate use by state departments, state agencies, public benefit corporations, their contractors, or their subcontractors on state property. This proposed rulemaking will also require state departments, state agencies, and public benefit corporations to report their glyphosate use on state properties to the Department.

The Department does not expect the proposed rulemaking to have a significant negative impact on rural areas.

1. TYPES AND ESTIMATED NUMBERS OF RURAL AREAS

The proposed rulemaking applies statewide to all state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property. As the proposed rulemaking only applies to state departments, state agencies, public bene-

fit corporations, their contractors, or their subcontractors on state property the Department does not anticipate rural areas being significantly affected, either directly or indirectly, by this proposed rulemaking.

2. REPORTING, RECORDKEEPING AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES

The proposed rulemaking is intended to prohibit the use of glyphosate by state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property. There are exemptions to this prohibition that allow critical uses of glyphosate under certain circumstances. For state departments, state agencies, or public benefit corporations to take advantage of these exemptions they must prepare a written assessment of how they meet the exemption, how it has been determined that there is no direct human exposure, and how they have determined that there are no effective and practicable glyphosate alternatives. In addition, state departments, state agencies, and public benefit corporations must also annually report the use of glyphosate to the Department.

3. COSTS

All costs associated with this proposed regulation will be on state departments, state agencies, and public benefit corporations. This proposed rulemaking does not directly mandate the expenditure of funds by any sector of local government and will not directly impose any significant service, duty or responsibility upon any county, city, town, village, school district, or fire district in a rural area.

4. MINIMIZING ADVERSE IMPACT

The proposed regulation is not expected to have significant rural area adverse impacts in New York State since it only applies to glyphosate applications on state property by state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor. In addition, there are several alternatives to glyphosate available for use by state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor. Furthermore, the proposed regulation provides exemptions for critical uses as well. Therefore, adverse impacts to rural areas have been minimized through the proposed rulemaking and statutory requirements.

5. RURAL AREA PARTICIPATION

The Department conducted a stakeholder meeting, informal meetings, and calls with state departments, state agencies, public benefit corporations, and interested parties associated with this proposed rulemaking, including those located in rural areas.

6. INITIAL REVIEW OF RULE

DEC will conduct an initial review of the rule within three years as required by SAPA § 207.

Job Impact Statement

The New York State Environmental Conservation Law (ECL) was amended to add subdivision 12 to Section 33-1301 to prohibit the use of glyphosate by state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property. Even though this subdivision prohibits the use of glyphosate the Legislature provided exemptions to this prohibition for critical uses of this pesticide. The Legislature also required the New York State Department of Environmental Conservation (Department) to promulgate regulations describing the circumstances and conditions in which these critical uses are permitted and to post information on its website regarding glyphosate use by state departments, state agencies, public benefit corporations, their contractors, or their subcontractors on state property. To achieve this statutory directive the Department's proposed rulemaking will revise 6 NYCRR Part 325 by adding section 325.42 to describe the parameters for glyphosate use by state departments, state agencies, public benefit corporations, their contractors, or their subcontractors on state property. This proposed rulemaking will also require state departments, state agencies, and public benefit corporations to report their glyphosate use on state properties to the Department.

This proposed rulemaking should not impact jobs within the regulated sectors and the Department does not expect the proposed regulations to have a negative impact on jobs and employment opportunities in the State.

1. NATURE OF IMPACT

The proposed rulemaking only applies to state departments, state agencies, public benefit corporations, their contractors or subcontractors applying glyphosate on state properties; therefore, the limited scope of this proposed rulemaking will limit impacts to jobs and employment opportunities across the State. In many cases there are alternative pesticides or practices to the use of glyphosate to control vegetation. Furthermore, the exemption for critical uses in the proposed rulemaking will permit glyphosate use. With these alternatives and exemptions, certified pesticide applicators and those working under their supervision employed by state departments, state agencies, public benefit corporations, their contractors or subcontractors will be able to maintain their employment status. In addition, this proposed rulemaking should not inhibit the growth of or

employment in any of the other sectors of the pesticide application industry.

2. CATEGORIES AND NUMBERS AFFECTED

The implementation of the proposed rulemaking is not expected to have an adverse impact on jobs or employment opportunities. The proposed rulemaking only applies to state departments, state agencies, public benefit corporations, their contractors or subcontractors applying glyphosate on state properties. The limited scope of this proposed rulemaking will limit impacts to jobs and employment opportunities across the State. In many cases there are alternative pesticides or practices to the use of glyphosate to control vegetation and exemptions in the statute and proposed rulemaking will continue to allow the use of glyphosate for critical uses. Nothing being proposed is expected to result in diminished economic activity and accordingly should not cause adverse impacts on employment opportunities or jobs.

3. REGIONS OF ADVERSE IMPACT

There is no region of the State expected to be adversely impacted from this proposed rulemaking. All state departments, state agencies, public benefit corporations, or any pesticide applicator hired as a contractor or subcontractor on state property must adhere to the same requirements regardless of where they are located.

4. MINIMIZING ADVERSE IMPACT

The proposed regulations are not expected to have an adverse impact on jobs and employment opportunities. The Department already regulates pesticide use and there are several alternatives to glyphosate available. The proposed regulation provides exemptions for critical uses as well. Therefore, the statute and this proposed rulemaking have already minimized adverse impacts.

5. SELF-EMPLOYMENT OPPORTUNITIES

The proposed regulations are not expected to negatively impact self-employment opportunities.

6. INITIAL REVIEW OF RULE

The Department will conduct an initial review of the rule within three years as required by SAPA § 207.

Department of Financial Services

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Registration of Pharmacy Benefit Managers

I.D. No. DFS-23-22-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Addition of Part 451 (Regulation 221) to Title 11 NYCRR.

Statutory authority: Financial Services Law, sections 102, 201, 202, 301, 302, 306; Insurance Law, sections 301, 316, 2902, 2903, 2904; Public Health Law, section 280-a; L. 2021, ch. 828, as amended by L. 2022, ch. 128

Subject: Registration of Pharmacy Benefit Managers.

Purpose: To establish regulations for the registration and first annual report of pharmacy benefit managers.

Text of proposed rule: Part 451: Registration of Pharmacy Benefit Managers

Section 451.1 Registration of pharmacy benefit managers

(a) Definitions.

(1) As used in this section, the terms "controlling person", "health plan", "pharmacy benefit manager", "pharmacy benefit management services" and "superintendent" have the same meanings as defined by Public Health Law section 280-a.

(2) As used in this section, the term "a substantial number of beneficiaries who work or reside in this state" means where 50 percent or more of the beneficiaries of the health plan work or reside in New York.

(b) A pharmacy benefit manager applying for a registration prior to January 1, 2023 shall pay to the superintendent a non-refundable registration application fee of \$8,000. A pharmacy benefit manager applying for a registration on or after January 1, 2023 shall pay to the superintendent a non-refundable registration application fee of \$4,000. Payment of the fee shall be made electronically in a manner provided by the superintendent.

(c) Each entity seeking to register as a pharmacy benefit manager shall electronically file with the department an application on an electronic

form and in a manner prescribed by the superintendent to be published and made available on the department's publicly accessible Internet website on or before June 1, 2022. Each pharmacy benefit manager that submits an application on or before June 1, 2022, including payment of the non-refundable registration application fee, shall be deemed to hold a temporary registration valid until the department makes a determination on the registration application.

(d) The application form for a pharmacy benefit manager registration shall require the pharmacy benefit manager to submit information to the department including:

(1) the name of the pharmacy benefit manager;

(2) the address, contact telephone number, and website for the pharmacy benefit manager;

(3) the federal employer identification number for the pharmacy benefit manager;

(4) the name, address, email address and telephone number of the primary contact person authorized to act on behalf of the pharmacy benefit manager;

(5) the name, address, email address and telephone number of the pharmacy benefit manager's agent for service of process in this State;

(6) the name, position and email address of each individual who is a controlling person of the pharmacy benefit manager, including all members of the board of directors, board of trustees, executive committee, or other governing board or committee; and (i) if the pharmacy benefit manager is a partnership or other unincorporated association, each partner or member; (ii) if the pharmacy benefit manager is a corporation, each of its officers, and stockholders; (iii) if the pharmacy benefit manager is a limited liability company, each officer, manager, or member;

(7) all basic organizational documents of the pharmacy benefit manager, including any operating agreements, articles of incorporation, articles of association, charter, partnership agreement, trade name certificate, trust agreement, shareholder agreement, certificate of existence from the New York Secretary of State and other applicable documents and all amendments to such documents;

(8) the bylaws, rules, regulations or other primary document regulating the internal affairs of the pharmacy benefit manager;

(9) a copy of the pharmacy benefit manager's standard, generic contract template, including provider manual or other appropriate items incorporated by reference that the pharmacy benefit manager uses for contracts entered into by the pharmacy benefit manager with pharmacists, pharmacies or pharmacy service administration organizations in New York in administration of pharmacy benefits for insurers; and

(10) such other information the superintendent deems necessary.

(e) A pharmacy benefit manager shall notify the department within 30 days of a change in any of the information disclosed to the department on a registration application.

(f) The exemption provided for in 11 NYCRR 6.3 shall apply to filing under this section as if those filings were listed in 11 NYCRR 6.2(a).

Section 451.2 First annual report of pharmacy benefit managers

Each pharmacy benefit manager shall electronically file a first annual report with the department pursuant to Insurance Law section 2904 no later than July 1, 2022 on a form and in a manner prescribed by the superintendent. The exemption provided for in 11 NYCRR 6.3 shall apply to this annual report as if this filing were listed in 11 NYCRR 6.2(a).

Section 451.3 Duty, accountability and transparency

Pursuant to the authority granted to the superintendent by Public Health Law section 280-a(2)(g) to limit the duties, obligations, requirements and other provisions relating to pharmacy benefit managers under Public Health Law section 280-a(2), the duties, obligations and requirements contained in Public Health Law section 280-a(2)(b), (c), (d), (e), and (f) shall not apply to pharmacy benefit managers until January 1, 2023.

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Summary of Regulatory Impact Statement (Full text is posted at the following State website: https://www.dfs.ny.gov/industry_guidance/regulations/proposed_insurance):

1. Statutory authority: The authority of the Superintendent of Financial Services ("Superintendent") to promulgate this Proposed Insurance Regulation 221 (11 NYCRR 451) derives from Financial Services Law Sections 102, 201, 202, 301, 302, and 306; Insurance Law Sections 301, 316, 2902, 2903, and 2904; Public Health Law Section 280-a; and Chapter 828 of the Laws of 2021, as amended by Chapter 128 of the Laws of 2022.

Descriptions of the statutes providing authority for the proposed regulation are included in the full Regulatory Impact Statement posted on the website of the Department of Financial Services ("Department") at <https://www.dfs.ny.gov>.

2. Legislative objectives: In accordance with Chapter 828 of the Laws of 2021, as amended by Chapter 128 of the Laws of 2022, the legislative objectives are to empower the Superintendent to establish, by regulation, registration standards required for a PBM, including the methods and procedures for facilitating and verifying compliance with those requirements, and to establish licensing standards for PBMs, including the broad regulatory authority to implement minimum standards for the issuance of licenses to PBMs.

3. Needs and benefits: This regulation will establish the registration and first annual reporting standards required for a pharmacy benefit manager to perform pharmacy benefit management services in New York.

A bill was advanced and passed, taking into account that PBMs previously have been largely unregulated in this State and such regulation is a priority of the Legislature and the Executive branch. The legislation recognizes that the State has an interest in the prudent regulation of the industry, which impacts health insurance premium costs, patient access to drugs, the pharmacy industry in the State, and more.

Specifically, pursuant to Insurance Law Sections 2902 and 2903, every PBM operating in New York is required to file an application for registration with the Department on or before June 1, 2022. Under those sections the Superintendent is authorized to establish minimum registration standards required for PBMs. This regulation, therefore, is needed to establish those minimum registration standards, including the form, contents, and manner of submission of the required registration materials.

Additionally, Insurance Law § 2904 requires PBMs operating in New York to submit annual reports to the Superintendent, with the first annual report due on or before July 1, 2022. Under that section, the Superintendent is expressly authorized to promulgate regulations governing the form, contents, and manner of submission of those reports. This regulation, therefore, is needed to set the contents, manner, and form for submission of those first annual reports to the Department. It should be noted that the Department has consulted with over a dozen other states to align this first set of reporting requirements, including the form and content thereof, to the extent possible with the existing requirements in other states.

Public Health Law Section 280-a requires PBMs to disclose and report certain information to the health plans, and to hold certain funds in trust for the health plans. The Superintendent has been granted express authority to promulgate regulations defining, limiting, and relating to the duties, obligations, requirements, and other provisions regarding PBMs reporting to the health plans under Public Health Law Section 280-a(2)(g). Given the short time frame between the passage of the legislation in February 2022 and the registration deadline, and the need for additional guidance and regulations with respect to the Public Health Law's reporting provisions, this regulation is necessary to limit the duties, obligations, requirements and other provisions relating to pharmacy benefit managers under Public Health Law Section 280-a(2) for a short period to allow the Department to issue detailed instructions on the application of, and how to comply with, the requirements.

This regulation establishes the registration and first annual reporting requirements for PBMs. The regulation was contemplated by the Legislature as indicated in Chapter 828 of the Laws of 2021, as amended by Chapter 128 of the Laws of 2022. Furthermore, the Department sought input from interested parties in drafting this regulation, including representatives of pharmacy benefit managers, independent pharmacies, chain pharmacies, health plans, and consumer representatives, among others. The Department also consulted with, and sought input from, the New York State Department of Health and the Office of General Counsel of the Workers' Compensation Board in drafting this regulation.

4. Costs: The rule will not impose any additional costs on any person or entity outside the Department. To the extent that Insurance Law Sections 2902, 2903 and 2904 and Public Health Law Section 280-a impose any costs on any person or entity outside of the Department, it is the statutes and not the regulation that creates those costs. Additionally, the regulation will require electronic filings of the registration and first annual report materials, which will result in cost savings to the persons or entities that are required by the statutes to file the registration application and submit the first annual report. It is anticipated that the Department will be able to absorb in its ordinary budget any costs incurred by the Department to implement this regulation, such as staff time needed to carry out the powers accorded to the Superintendent under the recent amendments to the Insurance Law.

5. Local government mandates: The regulation does not impose any program, service, duty, or responsibility upon a county, city, town, village, school district, fire district, or other special district.

6. Paperwork: Insurance Law Sections 2902, 2903 and 2904 and Public Health Law Section 280-a impose reporting, recordkeeping and other compliance requirements on PBMs operating in New York.

Insurance Law Sections 2902 and 2903 impose reporting and compliance requirements on PBMs. Pursuant to Insurance Law Sections 2902 and 2903, every PBM operating in New York is required to file an application for registration with the Department on or before June 1, 2022. Under those sections the Superintendent is authorized to establish, by regulation, minimum registration standards required for a PBM. This regulation establishes those minimum registration standards, including the form, manner, and content of the registration, so that PBMs can adequately comply with the registration requirement set by the statute.

Insurance Law Section 2904 requires PBMs operating in New York to submit annual reports to the Superintendent and to include certain information in those reports. The section authorizes the Superintendent to promulgate regulations governing the form, manner and contents of the first annual reports. This regulation establishes the form and contents of the first annual report as required by the statute. Insurance Law § 2904(a)(3) authorizes the Superintendent to address to any PBM any inquiry in relation to its provision of pharmacy benefit management services or any matter connected therewith. The Department has consulted with over a dozen other states to align the additional reporting requirements, including the form and content thereof, to the extent possible with the existing requirements of other states.

Public Health Law Section 280-a establishes reporting, recordkeeping and other compliance requirements as they relate to PBMs reporting to health plans. The Superintendent is further authorized to promulgate regulations defining, limiting, and relating to the duties, obligations, requirements, and other provisions relating to PBMs reporting to health plans under Public Health Law Section 280-a(2)(g). This regulation limits those reporting duties, obligations, and requirements relating to pharmacy benefit managers under Public Health Law Section 280-a(2).

7. Duplication: The regulation does not duplicate or conflict with any existing state or federal rules or other legal requirements.

8. Alternatives: Promulgation of the regulation is required under Chapter 828 of the Laws of New York 2021, as amended by Chapter 128 of the Laws of New York 2022. Without the regulation, the Department would not be able to effectuate its new statutory powers and responsibilities; therefore, the alternative of not promulgating a regulation was rejected. Additionally, the Department considered various alternatives to each section of the regulation. In general, the Department sought input from interested parties in drafting this regulation, including representatives of pharmacy benefit managers, independent pharmacies, chain pharmacies, health plans, and consumer representatives, among others. The Department also consulted with, and sought input from, the New York State Department of Health and the Office of General Counsel of the Workers' Compensation Board in drafting this regulation. On many of the technical aspects of the regulation the Department considered suggestions from various interested parties and made changes to the proposed standards, where appropriate.

Specifically, after careful consideration the Department decided to define the term "substantial number of beneficiaries who work or reside in this state" to mean where fifty percent or more of the beneficiaries of the plan work or reside in New York. The decision was made after carefully weighing the legislative intent of having a broad enough definition to encompass as many New York health plans as possible, with the receipt of a wide variety of suggestions on limiting/expanding this definition from interested parties and ensuring an appropriate nexus to the State. The Department weighed those interests and decided that this definition adequately encompasses those health plans that primarily serve New York State residents and employees.

For the content, form, and manner in which PBMs would submit the registration application and first annual report, the Department consulted with various other states regarding the alternatives they considered in drafting their registration and reporting regulations and the issues that they encountered when enacting their registration and reporting requirements. The Department also reviewed various other states' registrations and reporting regulations. After careful consideration, the Department decided to align the first annual report and registration requirements to be consistent with requirements set by a majority of other states. An alternative to this regulation would be to require PBMs to submit documents in a manner that is inconsistent with what they already are required to do in other states, which the Department rejected as unnecessarily burdensome.

Additionally, the Department considered having PBMs submit paper applications and paper copies of requested documents. However, the Department decided that this would not be the best option because it would require PBMs to prepare additional paperwork, use paper needlessly and pay for postage, which ultimately would be more costly and burdensome. Thus, the Department decided against this option because requiring all applications, forms and submissions to be electronic would be the most cost effective and least burdensome option for PBMs, while also being more environmentally friendly.

Finally, the Department considered requiring PBMs to submit a more

robust version of the materials requested for the first annual report. However, after receiving input from stakeholders, and considering time constraints that were caused by the impending deadlines for submission of the annual report under the statute and the late passage of the Chapter Amendment in February of 2022, the Department determined that this alternative was not practical. Accordingly, the Department decided that the best course would be to limit the contents of the first annual report. The Department was cognizant of the short time-frame and the ability to set updated standards for future reporting obligations in rejecting those options and may set additional requirements for future annual reports.

9. Federal standards: The regulation does not exceed any minimum standards of the federal government for the same or similar subject areas.

10. Compliance schedule: The regulation will take effect immediately upon publication of the Notice of Adoption in the State Register. PBMs will be required to comply with the registration and first annual reporting requirements contained in the regulation on and after the publication of the notice of adoption in the State Register.

Regulatory Flexibility Analysis

Small businesses: This proposed rule should not have any adverse impact on small businesses. This rule establishes the registration and first annual reporting standards required for a pharmacy benefit manager to perform pharmacy benefit management services in New York. The rule does not impose any new reporting, recordkeeping, or other compliance requirements beyond what is already required by Insurance Law Sections 2902, 2903 and 2904 and Public Health Law Section 280-a: it is the statutes and not the regulation that creates those obligations. Furthermore, the Department is not aware of any pharmacy benefit manager that is a small business; however, to the extent any pharmacy benefit manager is a small business, it is operating in a highly regulated environment and should be adequately prepared to comply with the proposed rule. Thus, no pharmacy benefit manager, even if a small business, will experience any adverse impact under this rule.

Local governments: This rule does not apply to local governments. No local government will have to undertake any reporting, recordkeeping, or other affirmative acts to comply with this rule. Therefore, the rule will not have any impact, including any adverse impact, on any local government.

Rural Area Flexibility Analysis

1. Types and estimated numbers of rural areas: Pharmacy benefit managers affected by this rule operate in every county in this State, including rural areas as defined by State Administrative Procedure Act Section 102(10). The Department of Financial Services ("Department") estimates that there are currently between 50 – 100 pharmacy benefit managers in this State.

2. Reporting, recordkeeping, and other compliance requirements; and professional services: This regulation imposes no new reporting, recordkeeping, or other compliance requirements. Any additional compliance requirements are a result of Insurance Law Sections 2902, 2903 and 2904 and Public Health Law Section 280-a, and not the rule because the rule merely implements those statutes.

Pharmacy benefit managers, including those in a rural area, should not need to retain professional services, such as lawyers or auditors, to comply with this rule.

3. Costs: The regulation will not impose any additional costs on any person or entity outside the Department. To the extent that Insurance Law Sections 2902, 2903 and 2904 and Public Health Law Section 280-a impose any costs on any person or entity outside of the Department, it is the statutes and not the regulation that creates those costs. Additionally, the regulation will require electronic filings of the registration and first annual report materials, which will result in cost savings to the persons or entities that are required by the statutes to file the registration application and submit the first annual report.

4. Minimizing adverse impact: This rule uniformly affects pharmacy benefit managers that are in both rural and non-rural areas of New York State. The rule should not have any adverse impact on rural areas.

5. Rural area participation: Pharmacy benefit managers in rural areas will also have an opportunity to participate in the rulemaking process when the regulation is published in the State Register and posted on the Department's website. Furthermore, the Department sought input from interested parties in drafting this regulation, including representatives of pharmacy benefit managers, independent pharmacies, chain pharmacies, health plans, and consumer representatives, among others.

Job Impact Statement

The Department of Financial Services ("Department") has determined that the proposed rule should not adversely impact jobs or employment opportunities in New York State. The proposed rule establishes the registration and first annual reporting standards required for a pharmacy benefit managers to perform pharmacy benefit management services in New York. Pharmacy benefit managers are already required to register with the Department and submit a first annual report to the Department pursuant to

Insurance Law Sections 2902, 2903 and 2904 and Public Health Law Section 280-a. The proposed rule is needed to implement those statutory requirements.

Section 450.5(b) is amended as follows:

(b) The [office] *bureau* shall determine, before any materials are shared with the members of the board, if a conflict of interest, or appearance of a conflict of interest, arises with any member of the board and shall report the conflict to the chair for a determination.

The title of Section 450.6 is amended as follows:

Section 450.6 Meetings of the [board] *Drug Accountability Board*.

Section 450.6(d) and (e) are amended as follows:

(d) Attendance at meetings.

(1) Pursuant to [section 202 of the] Insurance Law section 202, the meetings of the board shall be private and not subject to disclosure.

(2) No recordings of the meetings of the board shall be made by any person; however, an official set of minutes for the meetings may be recorded by a representative of the [office] *bureau*.

(3) No person shall be permitted to attend, view, or listen to any meeting of the board unless the person is:

(i) a member of the board;

(ii) a member of the [office] *bureau*; or

(iii) an expert engaged by the [office] *bureau* to provide a briefing to the board.

(4) The board may request a presentation on any subject relevant to

any inquiry before the board from any state agency or authority. Such request shall be reviewed by the [office] *bureau* and if the [director] *deputy superintendent of pharmacy benefits* approves the request, the [office] *bureau* shall arrange an expert briefing to the board.

(e) Adoption of the report of the board. A report of a board may be adopted outside of a meeting of the board provided that all non-recused members of the board are provided the report at least two business days prior to the close of voting on adoption.

(1) Not less than seven days before the board adopts a report, the [office] *bureau* may convey to the person that was required to submit a written statement under [subsection (a) of] Insurance Law section [111] *III(a)* anticipated findings provided by the board. Such person shall keep the proposed findings confidential and, pursuant to Insurance Law sections 111 and 202, such anticipated findings shall not be subject to disclosure. Such person may convey a response to the anticipated findings, and such response must be received by the board within seven days after the proposed findings are conveyed.

(2) No report of the board shall be adopted except by a majority vote of the non-recused members of the board.

(3) Any adopted report shall be an advisory report.

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. Statutory authority: Financial Services Law Sections 102, 201, 202, 203, 205, 301, 302, 305, and 306; Insurance Law Sections 110, 111, 202, 301, 306, 308, 316, 405, 2903, and 2906; Public Health Law Section 280-a; Part XX of Chapter 56 of the Laws of 2020, and Chapter 828 of the Laws of 2021, as amended by Chapter 128 of the Laws of 2022.

Part XX of Chapter 56 of the Laws of 2020 amended the Insurance Law to authorize the Superintendent of Financial Services ("Superintendent") to conduct investigations with respect to prescription drugs price increases and establish a nine-member Drug Accountability Board ("DAB"). Section 3 of Part XX granted the Superintendent broad independent regulatory authority over the provisions of the Part, including a specific grant of authority to regulate the operations of the DAB. Chapter 828 of the Laws of 2021, as amended by Chapter 128 of the Laws of 2022, similarly amends the Insurance Law to authorize the Superintendent to regulate pharmacy benefits managers ("PBM") and provide the Superintendent with broad independent regulatory authority over PBMs, including the establishment of regulations regarding the registration, annual reporting, and licensing of PBMs.

Financial Services Law Section 202 establishes the office of the Superintendent.

Financial Services Law Section 302 and Insurance Law Section 301 authorize the Superintendent to effectuate any power accorded to the Superintendent by the Financial Services Law, Insurance Law, or any other law, and to prescribe regulations interpreting the Insurance Law.

Financial Services Law Section 102 consolidates the Departments of Insurance and Banking into the Department of Financial Services ("DFS" or "Department").

Financial Services Law Section 201 authorizes the Superintendent to take actions as necessary to eliminate financial fraud or other criminal abuse or unethical conduct in the industry.

Financial Services Law Section 203 authorizes the Superintendent to appoint any employee that the Superintendent deems necessary for the efficient administration of DFS. Any employee shall perform such duties as assigned by the Superintendent and any compensation of such employee shall be determined by the Superintendent in accordance with law.

Financial Services Law Section 205 authorizes the Superintendent to establish any bureau, division or unit within DFS that is necessary for the administration and operation of DFS and the proper exercise of its powers and performance of its duties. The Superintendent may determine the official function of such bureau, division or unit. Further, Section 205 requires that there shall be a head of each bureau, division or unit to be appointed by the Superintendent.

Financial Services Law Section 305 authorizes the Superintendent to conduct hearings on investigations pursuant to the Insurance Law. Any persons conducting the hearing shall have the power to administer oaths, examine witnesses and receive documentary evidence, which shall be used as the basis of a report to the Superintendent of any findings.

Financial Services Law Section 306 provides the authority to the Superintendent, or the person authorized by the Superintendent, to conduct a

hearing to subpoena witnesses, compel the attendance of witnesses, administer oaths, examine any person under oath and to compel any person to subscribe to his or her testimony, and to require the production of any books, papers, records, correspondence, or other such documents that the Superintendent deems necessary.

Insurance Law Section 110 allows the Superintendent to cooperate with other regulatory agencies by sharing documents, materials and other information in order to assist in the performance of duties and may enter into agreements governing sharing and use of documents, materials and information.

Insurance Law Section 111 authorizes the Superintendent, when it shall appear to the Superintendent from an advertisement, purchase or sale within the State of any prescription drug, which drug is anticipated to be paid for under an insurance policy or contract approved by DFS, that the prescription drug has increased over the course of twelve months by 50% to an amount greater than five dollars, and the circumstances are such that the Superintendent believes it is in the public interest to commence an investigation, to investigate and require the entity to file with the Department a statement in writing concerning all the facts and circumstances regarding the price increase that the Superintendent deems relevant.

Insurance Law Section 301 authorizes the Superintendent to prescribe regulations governing the practices of the Department.

Insurance Law Section 306 provides immunity to the Superintendent from prosecution in accordance with NY CPL Section 50.20, which provides that any witness in a legal proceeding may refuse to give evidence on the ground that it may tend to incriminate him.

Insurance Law Section 308 authorizes the Superintendent to inquire of any health insurer or health maintenance organization, among others, about its transactions or condition or any matter connected therewith. Insurance Law Section 316 authorizes the Superintendent to promulgate regulations that require an insurer or other person making a filing with the Superintendent to do so by electronic means.

Insurance Law Section 405 requires that any person licensed under the Insurance Law or any person engaged in the business of insurance, who has reason to believe that an insurance transaction may be fraudulent or has knowledge that a fraudulent insurance action is about to take place, shall make a report to the Superintendent within 30 days.

Insurance Law Section 2903 authorizes the Superintendent to establish, by regulation, minimum registration standards required for a pharmacy benefit manager.

Insurance Law Section 2906 authorizes the Superintendent to establish, by regulation, minimum standards for the issuance of a license to a pharmacy benefit manager.

Public Health Law Section 280-a authorizes the Superintendent to make regulations defining, limiting, and relating to the duties, obligations, requirements and other provisions relating to pharmacy benefit managers.

2. Legislative objectives: In accordance with Chapter 828 of the Laws of 2021, as amended by Chapter 128 of the Laws of 2022, the legislative objectives are to empower the Superintendent to establish, by regulation, registration standards required for a PBM, including the methods and procedures for facilitating and verifying compliance with those requirements, and to establish licensing standards for PBMs, including the broad regulatory authority to implement minimum standards for the issuance of licenses to PBMs.

3. Needs and benefits: A bill was advanced and passed in the Executive Budget, taking into account that PBMs previously have been largely unregulated in this State and such regulation is a priority of the Superintendent. Chapter 828 of the Laws of 2021, as amended by Chapter 128 of the Laws of 2022, extends the regulation of PBMs beyond those activities related to insurance plans overseen by DFS, and authorizes the Superintendent to regulate conduct of PBMs outside of the health insurance market. Approximately 33% of the commercial market for health insurance is outside of DFS's reach due to preemption by the federal Employee Retirement Income Security Act of 1974, 29 U.S.C. 18. As a result, there is a need for the regulation of PBMs. Chapter 828 of the Laws of 2021, as amended by Chapter 128 of the Laws of 2022, authorizes the Superintendent to create the Pharmacy Benefits Bureau, which will be charged with regulating the conduct of PBMs, including that additional 33%. This regulation establishes the bureau that will carry out the responsibilities and powers granted in Insurance Law Sections 111, 2903 and 2906 and Public Health Law Section 280-a. The regulation was contemplated by the legislature as indicated in Chapter 828 of the Laws of 2021, as amended by Chapter 128 of the Laws of 2022.

4. Costs: The regulation will not impose any additional costs on any person or entity outside the Department. It is anticipated that the Department will be able to absorb in its ordinary budget any costs incurred by the Department to implement this regulation, such as staff time needed to carry out the powers accorded to the Superintendent under the recent amendments to the Insurance Law.

5. Local government mandates: The regulation does not impose any

program, service, duty, or responsibility upon a county, city, town, village, school district, fire district, or other special district.

6. Paperwork: The regulation does not impose any reporting, record-keeping, or other compliance requirements on any person or entity outside the Department. To the extent that Insurance Law Sections 111, 2903 and 2906 and Public Health Law Section 280-a grants powers to the Department that require the production of books and records, it is the statutes and not the regulation that creates the obligation.

7. Duplication: The regulation does not duplicate or conflict with any existing state or federal rules or other legal requirements.

8. Alternatives: Promulgation of the regulation is required under Chapter 828 of the Laws of New York 2021, as amended by Chapter 128 of the Laws of New York 2022. Without the regulation, the Department would not be able to effectuate its new statutory powers and responsibilities; therefore, the alternative of not promulgating a regulation was rejected.

9. Federal standards: The regulation does not exceed any minimum standards of the federal government for the same or similar subject areas.

10. Compliance schedule: The regulation will take effect immediately upon publication of the Notice of Adoption in the State Register.

Regulatory Flexibility Analysis

This rule establishes the Pharmacy Benefits Bureau ("PBB") as a bureau within the Department of Financial Services ("Department"). The PBB will provide the Department with the staff necessary to regulate pharmacy benefits managers as set forth in Insurance Law Sections 111, 2903, and 2906 and Public Health Law Section 280-a.

This amended Part establishes rules to operate the PBB, which bureau will be situated within the Department. Therefore, the rule will not impose any reporting, recordkeeping, or other compliance requirements, or have any impact, including any adverse impact, on any small business or local government.

Rural Area Flexibility Analysis

The Department of Financial Services ("Department") has determined that the rule will not adversely impact any rural area in New York State. The rule establishes the Pharmacy Benefits Bureau (PBB) within the Department. The PBB will provide the Department with the staff necessary to regulate pharmacy benefits managers as set forth in Insurance Law Sections 111, 2903, and 2906 and Public Health Law Section 280-a.

This amended Part establishes rules to operate the PBB, which bureau will be situated within the Department. Therefore, the rule will not impose any compliance requirements on any persons or entities outside the Department. The Department has determined that the rule will not have any adverse impact on rural areas as defined by State Administrative Procedure Act Section 102(10).

Job Impact Statement

The Department of Financial Services ("Department") has determined that the rule will not adversely impact jobs or employment opportunities in New York State. The rule establishes the Pharmacy Benefits Bureau (PBB) as a bureau within the Department. The PBB will provide the Department with the staff necessary to regulate pharmacy benefits managers as set forth in Insurance Law Sections 111, 2903, and 2906 and Public Health Law Section 280-a.

This amended Part establishes rules to operate the PBB, which bureau will be situated within the Department. Therefore, the rule will not impose any compliance requirements on any persons or entities outside the Department. The Department has determined that the rule will not have any impact on jobs or employment opportunities.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Hospital and Nursing Home Personal Protective Equipment (PPE) Requirements

I.D. No. HLT-23-22-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of sections 405.11 and 415.19 of Title 10 NYCRR.

Statutory authority: Public Health Law, section 2803

Subject: Hospital and Nursing Home Personal Protective Equipment (PPE) Requirements.

Purpose: To ensure that all general hospitals and nursing homes maintain a 60-day supply of PPE during the COVID-19 emergency.

Text of proposed rule: Section 405.11 is amended by adding a new subdivision (g) as follows:

(g)(1) *The hospital shall possess and maintain a supply of all necessary items of personal protective equipment (PPE) sufficient to protect health care personnel, consistent with federal Centers for Disease Control and Prevention guidance, for at least 60 days, by August 31, 2021.*

(2) *The 60-day stockpile requirement set forth in paragraph (1) of this subdivision shall be determined by the Department as follows for each type of required PPE:*

(i) *for single gloves, fifteen percent, multiplied by the number of the hospital's staffed beds as determined by the Department, multiplied by 550;*

(ii) *for gowns, fifteen percent, multiplied by the number of the hospital's staffed beds as determined by the Department, multiplied by 41;*

(iii) *for surgical masks, fifteen percent, multiplied by the number of the hospital's staffed beds as determined by the Department, multiplied by 21; and*

(iv) *for N95 respirator masks, fifteen percent, multiplied by the number of the hospital's staffed beds as determined by the Department, multiplied by 9.6.*

(3) *The Commissioner shall have discretion to increase the stockpile requirement set forth in paragraph (1) of this subdivision from 60 days to 90 days where there is a State or local public health emergency declared pursuant to Section 24 or 28 of the Executive Law. Hospitals shall possess and maintain the necessary 90-day stockpile of PPE by the deadline set forth by the Commissioner.*

(4) *In order to maximize the shelf life of stockpiled inventory, providers should follow the appropriate storage conditions as outlined by manufacturers and inventory should be rotated through regular usage and replace what has been used in order to ensure a consistent readiness level, and expired products should be disposed of when their expiration date has passed. Expired products shall not be used to comply with the stockpile requirement set forth in paragraph (1) of this subdivision.*

(5) *Failure to possess and maintain the required supply of PPE may result in the revocation, limitation, or suspension of the hospital's license; provided, however, that no such revocation, limitation, or suspension shall be ordered unless the Department has provided the hospital with a fourteen day grace period, solely for a hospital's first violation of this section, to achieve compliance with the requirement set forth herein.*

Section 415.19 is amended by adding a new subdivision (f) as follows:

(f)(1) *The nursing home shall possess and maintain a supply of all necessary items of personal protective equipment (PPE) sufficient to*

protect health care personnel, consistent with federal Centers for Disease Control and Prevention guidance, for at least 60 days, by August 31, 2021.

(2) *The 60-day stockpile requirement set forth in paragraph (1) of this subdivision shall be determined by the Department as follows for each type of required PPE:*

(i) *for single gloves, the applicable positivity rate, multiplied by the number of certified nursing home beds as indicated on the nursing home's operating certificate, multiplied by 24;*

(ii) *for gowns, the applicable positivity rate, multiplied by the number of certified nursing home beds as indicated on the nursing home's operating certificate, multiplied by 3;*

(iii) *for surgical masks, the applicable positivity rate, multiplied by the number of certified nursing home beds as indicated on the nursing home's operating certificate, multiplied by 1.5; and*

(iv) *for N95 respirator masks, the applicable positivity rate, multiplied by the number of certified nursing home beds as indicated on the nursing home's operating certificate, multiplied by 1.4.*

(v) *For the purposes of this paragraph, the term "applicable positivity rate" shall mean the greater of the following positivity rates:*

(a) *The nursing home's average COVID-19 positivity rate, based on reports made to the Department, during the period April 26, 2020 through May 20, 2020; or*

(b) *The nursing home's average COVID-19 positivity rate, based on reports made to the Department, during the period January 3, 2021 through January 31, 2021; or*

(c) *20.15 percent, representing the highest Regional Economic Development Council average COVID-19 positivity rate, as reported to the Department, during the periods April 26, 2020 through May 20, 2020 and January 3, 2021 through January 31, 2021.*

(3) *In order to maximize the shelf life of stockpiled inventory, providers should follow the appropriate storage conditions as outlined by manufacturers and inventory should be rotated through regular usage and replace what has been used in order to ensure a consistent readiness level, and expired products should be disposed of when their expiration date has passed. Expired products shall not be used to comply with the stockpile requirement set forth in paragraph (1) of this subdivision.*

(4) *Failure to possess and maintain the required supply of PPE may result in the revocation, limitation, or suspension of the nursing home's license; provided, however, that no such revocation, limitation, or suspension shall be ordered unless the Department has provided the nursing home with a fourteen day grace period, solely for a nursing home's first violation of this section, to achieve compliance with the requirement set forth herein.*

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

Statutory Authority:

Section 2803 of the Public Health Law (PHL) authorizes the promulgation of such regulations as may be necessary to implement the purposes and provisions of PHL Article 28, including the establishment of minimum standards governing the operation of health care facilities, including hospitals and nursing homes.

Legislative Objectives:

The legislative objectives of PHL Article 28 include the protection and promotion of the health of the residents of the State by requiring the efficient provision and proper utilization of health services, of the highest quality at a reasonable cost.

Needs and Benefits:

The 2019 Coronavirus (COVID-19) is a disease that causes mild to severe respiratory symptoms, including fever, cough, and difficulty breathing. People infected with COVID-19 have had symptoms ranging from those that are mild (like a common cold) to severe pneumonia that requires medical care in a general hospital and can be fatal, with a disproportionate risk of severe illness for older adults and/or those who have serious underlying medical health conditions.

On January 30, 2020, the World Health Organization (WHO) designated the COVID-19 outbreak as a Public Health Emergency of International Concern. On a national level, the Secretary of Health and Human Services determined on January 31, 2020 that as a result of confirmed cases of COVID-19 in the United States, a public health emergency existed and had existed since January 27, 2020, nationwide. Thereafter, the situation rapidly evolved throughout the world, with many countries, including the

United States, quickly progressing from the identification of travel-associated cases to person-to-person transmission among close contacts of travel-associated cases, and finally to widespread community transmission of COVID-19.

In order for hospital and nursing home staff to safely provide care for COVID-19 positive patients and residents, or patients and residents infected with another communicable disease, while ensuring that they themselves do not become infected with COVID-19 or any other communicable disease, it is critically important that personal protective equipment (PPE), including masks, gloves, respirators, face shields and gowns, is readily available and are used. Therefore, as a result of global PPE shortages at the outset of the State of Emergency, New York State provided general hospitals, nursing homes, and other medical facilities with PPE from the State's emergency stockpile from the beginning of the COVID-19 outbreak. However, hospitals and nursing homes must ensure sufficient PPE stockpiles exist for any future communicable disease outbreaks to ensure each facility is adequately prepared to protect its staff and patients or residents, without needing to rely on the State's emergency stockpile.

Based on the foregoing, the Department has made the determination that this regulation is necessary to ensure that all general hospitals and nursing homes maintain a 60-day supply of PPE to ensure that sufficient PPE is available in the event of a continuation or resurgence of the COVID-19 outbreak or another communicable disease outbreak.

Costs:

Costs to Regulated Parties:

The purpose of this regulation is to require general hospitals and nursing homes to maintain adequate stockpiles of PPE. The initial cost to facilities as they establish stockpiles of PPE will vary depending on the number of staff working at each facility. However, the Department anticipates that hospitals and nursing homes will routinely use stockpiled PPE as part of their routine operations; while facilities must maintain the requisite stockpile at all times in the event of an emergency need, facilities are expected to rotate through their stockpiles routinely to ensure the PPE does not expire and is replaced with new PPE, thereby helping to balance facility expenditures over time. Further, in the event of an emergency need, hospitals and nursing homes are expected to tap into their stockpiles; as such, hospitals and nursing homes will ultimately use equipment which would have been purchased had a stockpile not existed, thereby mitigating overall costs. Moreover, nursing homes are statutorily obligated to maintain or contract to have at least a two-month supply of PPE pursuant to Public Health Law section 2803(12). As such, this regulation imposes no long-term additional costs to regulated parties.

Costs to Local and State Governments:

This regulation will not impact local or State governments unless they operate a general hospital or nursing home, in which case costs will be the same as costs for private entities.

Costs to the Department of Health:

This regulation will not result in any additional operational costs to the Department of Health.

Paperwork:

This regulation imposes no addition paperwork.

Local Government Mandates:

General hospitals and nursing homes operated by local governments will be affected and will be subject to the same requirements as any other general hospital licensed under PHL Article 28.

Duplication:

These regulations do not duplicate any State or federal rules.

Alternatives:

The Department believes that promulgation of this regulation is the most effective means of ensuring that general hospitals and nursing homes have adequate stockpiles of PPE necessary to protect hospital staff from communicable diseases, compared to any alternate course of action.

Federal Standards:

No federal standards apply to stockpiling of such equipment at hospitals.

Compliance Schedule:

The regulations will become effective upon publication of a Notice of Adoption in the New York State Register. These regulations are expected to be proposed for permanent adoption at a future meeting of the Public Health and Health Planning Council.

Regulatory Flexibility Analysis

Effect of Rule:

This regulation will not impact local governments or small businesses unless they operate a general hospital or a nursing home. Currently there are five general hospitals in New York that employ less than 100 staff and qualify as small businesses, and there are 79 nursing homes in New York qualify as small businesses given that they employ less than 100 staff.

Compliance Requirements:

These regulations require all general hospitals and nursing homes to purchase and maintain adequate stockpiles of PPE, including but not limited to masks, respirators, face shields and gowns.

Professional Services:

It is not expected that any professional services will be needed to comply with this rule.

Compliance Costs:

The purpose of this regulation is to require general hospitals and nursing homes to maintain adequate stockpiles of PPE. The initial cost to facilities as they establish stockpiles of PPE will vary depending on the number of staff working at each covered facility. However, the Department anticipates that hospitals and nursing homes will routinely use stockpiled PPE as part of their routine operations; while facilities must maintain the requisite stockpile at all times in the event of an emergency need, facilities are expected to rotate through their stockpiles routinely to ensure the PPE does not expire and is replaced with new PPE, thereby helping to balance facility expenditures over time. Further, in the event of an emergency need, hospitals and nursing homes are expected to tap into their stockpiles; as such, hospitals and nursing homes will ultimately use equipment which would have been purchased had a stockpile not existed, thereby mitigating overall costs. Moreover, nursing homes are statutorily obligated to maintain or contract to have at least a two-month supply of PPE pursuant to Public Health Law section 2803(12). As such, this regulation imposes no long-term additional costs to regulated parties.

Economic and Technological Feasibility:

There are no economic or technological impediments to the rule changes.

Minimizing Adverse Impact:

The Department anticipates that any adverse impacts will be minimal, as both hospitals and nursing homes have already mobilized their stockpiling efforts since early 2020, when the spread of the COVID-19 virus was first recognized in New York State, including through two surges of the COVID-19 pandemic. As such, the continuance of these stockpiling requirements is not expected to create any additional adverse impact on hospitals or nursing homes. Moreover, for nursing homes, these PPE regulations are consistent with the existing directive in Public Health Law section 2803(12) to maintain a two-month PPE supply.

Small Business and Local Government Participation:

Small business and local governments were not directly consulted given the urgent need to ensure hospital patients and nursing home residents are adequately protected in the event of a resurgence of COVID-19 or another communicable disease outbreak. However, the Department plans to issue an advisory to hospital CEOs and nursing home administrators alerting them to the anticipated proposed rulemaking on these regulations and opportunity to submit public comments.

Rural Area Flexibility Analysis

Types and Estimated Numbers of Rural Areas:

Although this rule applies uniformly throughout the state, including rural areas, for the purposes of this Rural Area Flexibility Analysis (RAFA), "rural area" means areas of the state defined by Exec. Law § 481(7) (SAPA § 102(10)). Per Exec. Law § 481(7), rural areas are defined as "counties within the state having less than two hundred thousand population, and the municipalities, individuals, institutions, communities, and programs and such other entities or resources found therein. In counties of two hundred thousand or greater population 'rural areas' means towns with population densities of one hundred fifty persons or less per square mile, and the villages, individuals, institutions, communities, programs and such other entities or resources as are found therein."

The following 43 counties have a population of less than 200,000 based upon the United States Census estimated county populations for 2010:

Allegany County	Greene County	Schoharie County
Cattaraugus County	Hamilton County	Schuyler County
Cayuga County	Herkimer County	Seneca County
Chautauqua County	Jefferson County	St. Lawrence County
Chemung County	Lewis County	Steuben County
Chenango County	Livingston County	Sullivan County
Clinton County	Madison County	Tioga County
Columbia County	Montgomery County	Tompkins County
Cortland County	Ontario County	Ulster County
Delaware County	Orleans County	Warren County
Essex County	Oswego County	Washington County
Franklin County	Otsego County	Wayne County
Fulton County	Putnam County	Wyoming County
Genesee County	Rensselaer County	Yates County
	Schenectady County	

The following counties of have population of 200,000 or greater, and towns with population densities of 150 person or fewer per square mile, based upon the United States Census estimated county populations for 2010:

Albany County	Monroe County	Orange County
Broome County	Niagara County	Saratoga County
Dutchess County	Oneida County	Suffolk County
Erie County	Onondaga County	

There are 47 general hospitals located in rural areas as well as several licensed nursing homes.

Reporting, Recordkeeping, and Other Compliance Requirements; and Professional Services:

These regulations require all general hospitals and nursing homes, including those in rural areas, to purchase and maintain adequate stockpiles of PPE, including but not limited to masks, respirators, face shields and gowns.

Costs:

The purpose of this regulation is to require general hospitals and nursing homes to maintain adequate stockpiles of PPE. The initial cost to facilities as they establish stockpiles of PPE will vary depending on the number of staff working at each facility. However, the Department anticipates that hospitals and nursing homes will routinely use stockpiled PPE as part of their routine operations; while facilities must maintain the requisite stockpile at all times in the event of an emergency need, facilities are expected to rotate through their stockpiles routinely to ensure the PPE does not expire and is replaced with new PPE, thereby helping to balance facility expenditures over time. Further, in the event of an emergency need, hospitals and nursing homes are expected to tap into their stockpiles; as such, hospitals and nursing homes will ultimately use equipment which would have been purchased had a stockpile not existed, thereby mitigating overall costs. Moreover, nursing homes are statutorily obligated to maintain or contract to have at least a two-month supply of PPE pursuant to Public Health Law section 2803(12). Therefore, this regulation imposes no long-term additional costs to regulated parties.

Economic and Technological Feasibility:

There are no economic or technological impediments to the rule changes.

Minimizing Adverse Impact:

The Department anticipates that any adverse impacts will be minimal, as both hospitals and nursing homes have already mobilized their stockpiling efforts since early 2020, when the spread of the COVID-19 virus was first recognized in New York State, including through two surges of the COVID-19 pandemic. As such, the continuance of these stockpiling requirements is not expected to create any additional adverse impact on hospitals or nursing homes. Moreover, for nursing homes, these PPE regulations are consistent with the existing directive in Public Health Law section 2803(12) to maintain a two-month PPE supply.

Rural Area Participation:

Parties representing rural areas were not directly consulted given the urgent need to ensure hospital patients and nursing home residents are adequately protected in the event of a resurgence of COVID-19 or another communicable disease outbreak. However, the Department plans to issue an advisory to hospital CEOs and nursing home administrators alerting them to the anticipated proposed rulemaking and opportunity to submit public comments.

Job Impact Statement

A Job Impact Statement for these regulations is not being submitted because it is apparent from the nature and purposes of the amendments that they will not have a substantial adverse impact on jobs and/or employment opportunities.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

COVID-19 Vaccinations of Nursing Home and Adult Care Facility Residents and Personnel

I.D. No. HLT-23-22-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Addition of Subpart 66-4 to Title 10 NYCRR.

Statutory authority: Public Health Law, sections 201, 206, 2803; Social Services Law, sections 461 and 461-e

Subject: COVID-19 Vaccinations of Nursing Home and Adult Care Facility Residents and Personnel.

Purpose: To require nursing homes and adult care facilities to conduct ongoing COVID-19 vaccinations of their residents and personnel.

Text of proposed rule: A new Subpart 66-4, titled COVID-19 Nursing Home and Adult Care Facility Vaccination Program, is added to read as follows:

66-4.1. Requirements for Nursing Homes

(a) Every nursing home regulated pursuant to Part 415 of this Title shall offer all consenting, unvaccinated existing personnel and residents an opportunity to receive the first or any recommended next or booster dose of the COVID-19 vaccine.

(b) The operator and administrator of every nursing home regulated pursuant to Part 415 of this Title must ensure that all new personnel, including employees and contract staff, and every new resident and resident readmitted to the facility has an opportunity to receive the first or any recommended next or booster dose of the COVID-19 vaccine within fourteen days of having been hired by or admitted or readmitted to such facility, as applicable.

(c) The requirement to ensure that all new and current personnel and residents have an opportunity to receive the COVID-19 vaccination, as set forth in subdivisions (a) and (b) of this section, shall include, but not be limited to:

(1) Posting conspicuous signage throughout the facility, including at points of entry and exit and each residential hallway, reminding personnel and residents that the facility offers COVID-19 vaccination; and

(2) Providing all personnel and residents who decline to be vaccinated a written affirmation for their signature, which indicates that they were offered the opportunity for a COVID-19 vaccination but declined. Such affirmation must state that the signatory is aware that, if they later decide to be vaccinated for COVID-19, it is their responsibility to request vaccination from the facility. The facility shall maintain signed affirmations on file at the facility and make such forms available at the request of the Department.

(d) Nursing homes must comply with the requirements for vaccination of personnel in 10 NYCRR § 415.19(a)(5).

66-4.2. Requirements for Adult Care Facilities

(a) The operator and administrator of every adult care facility regulated pursuant to Parts 487, 488 and 490 of Title 18 of the NYCRR and Part 1001 of this Title shall make diligent efforts to arrange for all consenting, unvaccinated existing personnel and residents to register for a vaccine appointment and an appointment to receive any recommended booster, and shall document attempts to schedule and methods used to schedule the vaccine in the individual's personnel file or case management notes, as applicable.

(b) The operator and administrator of every adult care facility regulated pursuant to Parts 487, 488 and 490 of Title 18 of the NYCRR and Part 1001 of this Title must arrange for the COVID-19 vaccination, including the first or any recommended next or booster dose, of all new personnel, including employees and contract staff, and every new resident and resident readmitted to the facility. The requirement to arrange for COVID-19 vaccination of such personnel and residents shall include, but not be limited to:

(1) For residents:

(i) during the pre-admission screening process, and in no event after the first day of admission or readmission, the adult care facility shall screen the prospective or newly-admitted or readmitted resident for COVID-19 vaccine eligibility, including whether any first doses of the vaccine were previously administered, and whether the resident is interested in obtaining the COVID-19 vaccine, including a recommended booster. Such information shall be documented with the resident's pre-admission screening information and, if admitted, retained in the resident's case management records; and

(ii) within seven days of admission or readmission, the facility shall make diligent efforts to schedule all consenting and eligible new or readmitted residents for the COVID-19 vaccination, including a recommended booster. The facility must document attempts to schedule and methods used to schedule the vaccine appointment in the resident's case management notes.

(2) For personnel:

(i) during the pre-employment screening process, the facility shall solicit information from the prospective personnel regarding their vaccination status, including whether any first doses of the vaccine were previously administered, and whether the prospective personnel is interested in obtaining the COVID-19 vaccine. Such information must be documented with the personnel's pre-employment screening information and, if hired, retained in the personnel file; provided, however, that nothing in this paragraph shall be construed to require an adult care facility to make any hiring determination based upon the prospective personnel's COVID-19 vaccination status, history, or interest in COVID-19 vaccination; and

(ii) within seven days of hiring new personnel, the facility shall make diligent efforts to schedule all consenting and eligible new personnel for the COVID-19 vaccination. The facility must document attempts to schedule and methods used to schedule the vaccine appointment in the individual's personnel file.

(iii) Adult care facilities must comply with the requirements for vaccination of personnel in 18 NYCRR §§ 487.9(a)(18), 488.9(a)(14), 490.9(a)(15), and 10 NYCRR § 1001.11(q)(5), as applicable.

(c) The facility shall further provide all current and new personnel and residents who decline to be vaccinated a written affirmation for their signature, which indicates that they were offered the opportunity for the facility to arrange for a COVID-19 vaccination, but declined. Such affirmation must state that the signatory is aware that, if they later decide to be vaccinated for COVID-19, it is their responsibility to request the facility arrange for their vaccination. The facility shall maintain signed affirmations on file at the facility and make such forms available at the request of the Department.

66-4.3. Penalties.

(a) A violation of any provision of this Subpart shall be subject to penalties in accordance with sections 12 and 12-b of the Public Health Law.

(b) For adult care facilities, failure to arrange for the vaccination of every facility resident and personnel as set forth in section 66-4.2 of this Part constitutes a "failure in systemic practices and procedures" under Social Services Law 460-d(7)(b)(2)(iii) and pursuant to 18 NYCRR 486.5(a)(4)(v).

(c) In addition to any monetary penalties or referral for criminal investigation to appropriate entities, the Department shall be empowered to immediately take custody and control of such vaccine at a nursing home and re-allocate to another provider.

Text of proposed rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqa@health.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

Statutory Authority:

The statutory authority is provided under sections 201, 206, and 2803 of the Public Health Law (PHL) and sections 461 and 461-e of the Social Services Law (SSL).

PHL § 201 authorizes the New York State Department of Health (Department) to control and promote the control of communicable diseases to reduce their spread. Likewise, PHL § 206 authorizes the Commissioner of Health to take cognizance of the interests of health and life of the people of the state, and of all matters pertaining thereto and exercise the functions, powers and duties of the department prescribed by law, including control of communicable diseases.

PHL § 2803 authorizes the promulgation of such regulations as may be necessary to implement the purposes and provisions of PHL Article 28, including the establishment of minimum standards governing the operation of health care facilities.

SSL § 461 requires the Department to promulgate regulations establishing general standards applicable to Adult Care Facilities (ACF). SSL § 461-e authorizes the Department to promulgate regulations to require adult care facilities to maintain certain records with respect to the facilities residents and the operation of the facility.

Legislative Objectives:

The legislative objectives of PHL §§ 201 and 206 are to protect the health and life of the people of the State of New York, including by controlling the spread of communicable diseases. The legislative objectives of PHL Article 28, including PHL § 2803, include the efficient provision and proper utilization of health services of the highest quality. The legislative objective of SSL § 461 is to promote the health and well-being of residents of adult care facilities. Collectively, the legislative purpose of these statutes is to protect the residents of New York's long-term care facilities by providing safe, efficient, and adequate care.

Needs and Benefits:

These regulations are necessary to prevent the spread of COVID-19 in nursing homes and adult care facilities and to help ensure the health and life of residents of nursing homes and ACFs by requiring such congregate care facilities to offer or arrange for consenting residents and personnel to receive the COVID-19 vaccine. This requirement will help ensure residents are less likely to suffer a COVID-related death or severe illness and that fewer staff test positive for COVID-19. To date, there are an approximate 8,200 (9%) nursing home and 1,100 (4%) adult care facility residents that remain unvaccinated. As such, the potential for COVID-19

introduction or re-introduction to this vulnerable population remains a risk and the need for protecting their health and safety a top high priority.

COVID-19 is a disease that causes mild to severe respiratory symptoms, including fever, cough, and difficulty breathing. People infected with COVID-19 have had symptoms ranging from those that are mild (like a common cold) to severe pneumonia that requires medical care in a general hospital and can be fatal. Given the disproportionate adverse health impacts of COVID-19 for older adults and those with comorbidities, many of whom reside in New York's nursing homes and ACFs, it is imperative that nursing homes and ACFs facilitate the prompt vaccination of its residents. Moreover, in order to ensure that nursing home and ACF personnel can safely provide resident care, it is critically important that nursing homes offer continued COVID-19 vaccinations on-site for their current and new personnel and that ACFs arrange for their current and new personnel to receive the COVID-19 vaccine at an off-site location, such as a pharmacy.

Based on the foregoing, the Department has made the determination that this emergency regulation is necessary to best protect the residents of New York's nursing homes and ACFs.

Costs:

Costs to Regulated Parties:

The purpose of this regulation is to require nursing homes and ACFs to promptly coordinate the COVID-19 vaccination of their residents and personnel. For nursing homes, costs are expected to be minimal given that the COVID-19 vaccine is provided free of charge, and Medicare reimbursement is available to help Medicare-enrolled nursing homes cover administrative costs; specifically, pursuant to April 2, 2021 guidance from the Centers for Medicare & Medicaid Services (CMS), "starting on March 15, 2021, for single dose COVID-19 vaccines, Medicare pays approximately \$40 for its administration. Starting on March 15, 2021, for COVID-19 vaccines requiring multiple doses, Medicare pays approximately \$40 for each dose in the series." Nursing homes will need in some circumstances to absorb the administrative costs associated with reporting doses of vaccine administered to the appropriate vaccine registry when not reported by an outside vendor or pharmacy provider.

For ACFs, costs to facilities are minimal to none, as ACFs will be responsible for arranging vaccinations at off-site locations, such as a local pharmacy. Many ACFs have vehicles which can be used for necessary transport, but there may be minimal costs associated with transportation, particularly if the distance to the vaccination site is great and/or if the ACF does not readily have access to a vehicle.

Costs to Local and State Governments:

This regulation will not impact local or State governments unless they operate a nursing home or ACF, in which case costs will be the same as costs for private entities. Currently, there are 21 nursing homes operated by local governments (counties and municipalities) and 6 nursing homes operated by the State. Additionally, there are currently two adult care facilities operated by county governments.

Costs to the Department of Health:

This regulation will not result in any additional operational costs to the Department of Health.

Paperwork:

This regulation imposes no additional paperwork. Although the regulation requires recordkeeping by facilities, including documentation in personnel files and resident clinical or case management records, these records must already be maintained by facilities.

Local Government Mandates:

Nursing homes and ACFs operated by local governments will be affected and will be subject to the same requirements as any other nursing home licensed under PHL Article 28 or ACF licensed under SSL Article 7, Title 2.

Duplication:

These regulations do not duplicate any State or federal rules.

Alternatives:

The Department believes that promulgation of this regulation is the most effective means of ensuring that nursing homes and ACFs adequately ensure their residents and personnel are vaccinated against COVID-19. Accordingly, the alternative of not issuing these regulations was rejected.

Federal Standards:

No federal standards apply.

Compliance Schedule:

The regulations will become effective upon publication of a Notice of Adoption in the New York State Register.

Regulatory Flexibility Analysis

Effect of Rule:

This regulation will not impact local governments or small businesses unless they operate a nursing home or ACF. Currently, there are 21 nursing homes operated by local governments (counties and municipalities) and 6 nursing homes operated by the State. Additionally, there are currently two ACFs operated by county governments (Chenango and Warren Counties).

Additionally, to date, 79 nursing homes in New York qualify as small businesses given that they have 100 or fewer employees. There are also 483 ACFs that have 100 or fewer employees and therefore qualify as small businesses.

Compliance Requirements:

This regulation primarily requires nursing homes and ACFs to promptly coordinate the COVID-19 vaccination of their residents and personnel. Specifically, nursing homes will be required to offer ongoing COVID-19 vaccinations at the facility, and ACFs will be responsible for arranging vaccinations at off-site locations, such as State-run vaccination sites or a local pharmacy. The regulation also requires facilities to provide all current and new personnel and residents who decline to be vaccinated a written affirmation for their signature, which indicates that they were offered the opportunity for the facility to arrange for or offer, as applicable, a COVID-19 vaccination, but they declined. Further, nursing homes are required to post conspicuous signage throughout the facility reminding personnel and residents that the facility offers COVID-19 vaccinations.

Professional Services:

No professional services are required by this regulation. However, nursing homes may choose to partner with a pharmacy to offer COVID-19 vaccinations for personnel and residents of the facility, rather than receiving and administering the vaccine directly.

Compliance Costs:

This regulation requires nursing homes and ACFs to promptly coordinate the COVID-19 vaccination of their residents and personnel. Specifically, nursing homes will be required to offer ongoing COVID-19 vaccinations at the facility, and ACFs will be responsible for arranging vaccinations at off-site locations, such as a local pharmacy. For nursing homes, costs are expected to be minimal given that the COVID-19 vaccine is provided free of charge, and Medicare reimbursement is available to help Medicare-enrolled nursing homes cover administrative costs; specifically, pursuant to April 2, 2021 guidance from the Centers for Medicare & Medicaid Services (CMS), "starting on March 15, 2021, for single dose COVID-19 vaccines, Medicare pays approximately \$40 for its administration. Starting on March 15, 2021, for COVID-19 vaccines requiring multiple doses, Medicare pays approximately \$40 for each dose in the series." Nursing homes will need in some circumstances to absorb the administrative costs associated with reporting doses of vaccine administered to the appropriate vaccine registry when not reported by an outside vendor or pharmacy provider.

For ACFs, costs to facilities are minimal to none, as ACFs will be responsible for arranging vaccinations at off-site locations, such as a local pharmacy. Many ACFs have vehicles which can be used for necessary transport, but there may be minimal costs associated with transportation particularly if the distance to the vaccination site is great and/or if the ACF does not readily have access to a vehicle.

Economic and Technological Feasibility:

There are no economic or technological impediments to the rule changes.

Minimizing Adverse Impact:

This regulation is consistent with the existing responsibilities nursing homes and ACFs have to maintain the health and safety of residents, ensure sufficient staffing levels, and ensure staff are free from communicable diseases. Therefore, any adverse impacts are expected to be minimal and are outweighed by the regulation's health and safety benefits to residents and staff.

Small Business and Local Government Participation:

Due to the urgent need to ensure ACF and NH staff and residents are vaccinated as soon as possible given the seriousness of COVID-19 if contracted, particularly by older adults or persons with comorbidities, small business and local governments were not directly consulted. However, the Department will notify such entities of the existence of these regulations and the opportunity to submit comments or questions to the Department.

Cure Period:

This regulation does not include a cure period given the serious threat the COVID-19 virus causes to all New Yorkers, particularly those residing in nursing homes and adult care facilities, considering such residents' age and comorbidities. As detailed more fully within the regulations, nursing homes and adult care facilities will have 14 and 7 days, respectively, to offer vaccinations to residents and staff. The Department finds these 14- and 7-day periods to comply with the regulatory requirements are sufficient to ensure facilities can establish or revise their vaccination policies and procedures, while balancing the urgent need to protect facility residents and personnel from this dangerous disease.

Rural Area Flexibility Analysis

Types and Estimated Numbers of Rural Areas:

Although this rule applies uniformly throughout the state, including rural areas, for the purposes of this Rural Area Flexibility Analysis (RAFA), "rural area" means areas of the state defined by Exec. Law § 481(7) (SAPA

The following counties of have population of 200,000 or greater, and towns with population densities of 150 person or fewer per square mile, based upon the United States Census estimated county populations for 2010:

Albany County	Monroe County	Orange County
Broome County	Niagara County	Saratoga County
Dutchess County	Oneida County	Suffolk County
Erie County	Onondaga County	

Both licensed nursing homes and ACFs are located in these identified rural areas.

Reporting, Recordkeeping, and Other Compliance Requirements; Aand Professional Services:

This regulation imposes no additional paperwork. Although the regulation requires recordkeeping by facilities, including documentation in personnel files and resident clinical or case management records, these records must already be maintained by facilities. Additionally, no professional services are required by this regulation. However, nursing homes may choose to partner with a pharmacy to offer COVID-19 vaccinations for personnel and residents of the facility, rather than receiving and administering the vaccine directly.

Costs:

This regulation requires nursing homes and ACFs to promptly coordinate the COVID-19 vaccination of their residents and personnel. Specifically, nursing homes will be required to offer ongoing COVID-19 vaccinations at the facility, and ACFs will be responsible for arranging vaccinations at off-site locations, such as a local pharmacy. For nursing homes, costs are expected to be minimal given that the COVID-19 vaccine is provided free of charge, and Medicare reimbursement is available to help Medicare-enrolled nursing homes cover administrative costs; specifically, pursuant to April 2, 2021 guidance from the Centers for Medicare & Medicaid Services (CMS), "starting on March 15, 2021, for single dose COVID-19 vaccines, Medicare pays approximately \$40 for its administration. Starting on March 15, 2021, for COVID-19 vaccines requiring multiple doses, Medicare pays approximately \$40 for each dose in the series." Nursing homes will need in some circumstances to absorb the administrative costs associated with reporting doses of vaccine administered to the appropriate vaccine registry when not reported by an outside vendor or pharmacy provider.

For ACFs, costs to facilities are minimal to none, as ACFs will be responsible for arranging vaccinations at off-site locations, such as a local pharmacy. Many ACFs have vehicles which can be used for necessary transport, but there may be minimal costs associated with transportation particularly if the distance to the vaccination site is great and/or if the ACF does not readily have access to a vehicle.

Economic and Technological Feasibility:
There are no economic or technological impediments to the rule changes.

Minimizing Adverse Impact:
This regulation is consistent with the existing responsibilities nursing homes and ACFs have to maintain the health and safety of residents, ensure sufficient staffing levels, and ensure staff are free from communicable diseases. Therefore, any adverse impacts are expected to be minimal and are outweighed by the regulation's health and safety benefits to residents and staff.

Rural Area Participation:
Due to the urgent need to ensure ACF and NH staff and residents are vaccinated as soon as possible given the seriousness of the COVID-19 virus on this population, facilities located in rural areas were not directly consulted. However, the Department will notify covered entities located in rural areas of the existence of these regulations and the opportunity to submit comments or questions to the Department.

Job Impact Statement

A Job Impact Statement for these regulations is not being submitted because it is apparent from the nature and purposes of the amendments that they will not have a substantial adverse impact on jobs and/or employment opportunities.

Office of Mental Health

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Relating to the Certification, Operation and Reimbursement of Clinic Treatment Programs Serving Adults and Children

I.D. No. OMH-23-22-00021-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Part 599 of Title 14 NYCRR.

Statutory authority: Mental Hygiene Law, sections 7.09, 31.02, 31.04, 31.06, 31.07, 31.09, 31.11, 31.13, 31.19, 41.13, 43.01; Social Services Law, sections 364, 364-a, 364-j and 365-m

Subject: Relating to the certification, operation and reimbursement of clinic treatment programs serving adults and children.

Purpose: To align such program with the State Plan Amendment.

Substance of proposed rule (Full text is posted at the following State website: https://omh.ny.gov/omhweb/policy_and_regulations/): The Office of Mental Health propose amendments to Part 599 of Title 14. In November 2021, CMS approved moving clinic into the Medicaid Rehabilitative Services ("rehab option") in the State Plan Amendment, requiring several amendments to Part 599. Services covered under the "Rehab Option" provide a more flexible benefit than other services generally used for mental health services.

The proposed rule in summary:

1. Renames Clinic to Mental Health Outpatient Treatment and Rehabilitative Services Programs and removes outdated terms and provisions.

2. Adds Peer/Family Support Services to regulation:

- Added peer staffing definitions including certified peer specialists, credentialed family peer advocates and credentialed youth peer advocates who are qualified by personal experience and certified or provisionally certified.

- Defined Peer and Family Peer Recovery Support Services to mean services for adults and children/youth, including age-appropriate psychoeducation, counseling, person-centered goal planning, modeling effective coping skills, and facilitating community connections and crisis support to reduce symptomology and restore functionality. Family Peer Recovery Support Services also include engagement, bridging support, parent skill development, and crisis support for families caring for a child who is experiencing social, emotional, medical, developmental, substance use and/or behavioral challenges in their home, school, placement, and/or community to promote recovery, self-advocacy, and the development of natural supports and community living skills

- Provides an allowance for unlimited number of preadmission Peer/Family Support Services for engagement into clinic and such services are not counted towards the 30 visit threshold reduction of reimbursement

2. Provides off-site visits as allowable for all individuals receiving clinic services:

- Defines Off-Site Location as a location at which services are delivered. Locations including but not limited to the community, or the individual's place of residence. The location in which the service is provided is determined by the individual's needs and goals documented in the individual's record.

- Adds requirements for policies and procedures for off-site locations including safety protocols.

- States that off-site services shall be provided in settings that are conducive to meeting treatment goals and objectives, be accommodating to the conditions and needs of those being served, be safe and accessible for all, and assure privacy for the delivery of services.

- Continues 150% reimbursement for all offsite locations.

3. Incorporates Intensive outpatient Program (IOP) in regulation, eliminating the need for waivers:

- Mental Health Outpatient Treatment and Rehabilitative Services Programs may obtain prior approval from the Office of Mental Health to provide Intensive Outpatient Program (IOP). IOP means providing additional and intensive outpatient services to individuals who may benefit from more intensive, time-limited treatment.

- Added IOP under service level needing OMH approval.

- Changed Clinic Based IOP to just IOP due to clinic name change.

4. Adds permanent rounding for services:

- Aligns with current Public Health Emergency (PHE) allowance to continue post PHE.

- For group therapy, allows for the option of up to 40, and less than 60 minutes be used with a 30% reduction in reimbursement.

5. Co-enrollment for clinics:

- Allows an individual to receive service from two clinics, as long as it is not the same service on the same day.

Text of proposed rule and any required statements and analyses may be obtained from: Sara Paupini, Esq., Office of Mental Health, 44 Holland Avenue, Albany, NY 12229, (518) 474-1331, email: regs@omh.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

1. Statutory Authority: Section 7.07(c) of the Mental Hygiene Law charges the Office of Mental Health with the responsibility for seeing that persons with mental illness are provided with care and treatment, and that such care, treatment and rehabilitation is of high quality and effectiveness.

Sections 7.09 and 31.04 of the Mental Hygiene Law grant the Commissioner of Mental Health the power and responsibility to adopt regulations that are necessary and proper to implement matters under their jurisdiction, and to set standards of quality and adequacy of facilities, equipment, personnel, services, records and programs for the rendition of services for adults diagnosed with mental illness or children diagnosed with emotional disturbance, pursuant to an operating certificate.

Sections 364 and 364-a of the Social Services Law give the Office of Mental Health responsibility for establishing and maintaining standards for medical care and services in facilities under its jurisdiction, in accordance with cooperative arrangements with the Department of Health.

Section 43.01 of the Mental Hygiene Law gives the Commissioner authority to set rates for outpatient services at facilities operated by the Office of Mental Health. Section 43.02 of the Mental Hygiene Law provides that payments under the medical assistance program for outpatient services at facilities licensed by the Office of Mental Health shall be at rates certified by the Commissioner of Mental Health and approved by the Director of the Budget.

2. Legislative Objectives: Articles 7 and 31 of the Mental Hygiene Law reflect the Commissioner's authority to establish regulations regarding mental health programs. The proposed rule furthers the legislative policy of providing high quality outpatient mental health services to individuals with mental illness in a cost-effective manner. Part 599 of Title 14 NYCRR sets forth standards for the certification, operation and reimbursement of clinic treatment programs serving adults and children.

3. Needs and Benefits: The State is looking to provide more flexibility for Clinics by aligning clinic with the recently approved State Plan Amendment. These changes allow treatment to be provided with more of a person-centered approach, moving clinicians away from treating the chart, to treating the individual. The proposed rule will add Peer/Family Support Services and allow for an unlimited number of preadmission Peer/Family Support Services for engagement, which would not count towards the thirty visit threshold reduction of reimbursement. The proposed rule will add off-site visits as allowable for all individuals receiving clinic services and incorporate Intensive Outpatient Program (IOP) in regulation, eliminating the need for waivers. The rule also proposes adding permanent rounding for services, which aligns with the current Public Health Emergency (PHE) allowance, to continue post PHE. The rule as proposed will allow an individual to enter into co-enrollment for clinics by permitting

such individual to receive services from two clinics as long as it is not the same service on the same day.

4. Costs:

(a) Cost to State government: There will be costs associated with the addition of peer support services, but there is an anticipated savings from the addition of such services to Mental Health Outpatient Treatment and Rehabilitative Services (formerly known as Clinic). The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for State Fiscal Year 2020/2021 is \$1.1 million and \$4.2 million for State Fiscal Year 2021/2022. Any costs above are Medicaid eligible and shared with the Federal Government.

(b) Cost to local government: These regulatory amendments will not result in any additional costs to local government.

(c) Cost to regulated parties: These regulatory amendments will not result in any additional costs to those regulated parties.

5. Local Government Mandates: These regulatory amendments will not result in any additional imposition of duties or responsibilities upon county, city, town, village, school or fire districts.

6. Paperwork: No substantial increase in paperwork is anticipated as a result of the amendments to 14 NYCRR Part 599.

7. Duplication: These regulatory amendments do not duplicate existing State or federal requirements.

8. Alternatives: No alternatives were considered, as these amendments seek to conform regulations to the State Plan Amendment and CMS guidelines to ensure that clinics remains in compliance. Not conforming to the state plan amendment will cause confusion in the field regarding both service delivery and payment. Outpatient Mental Health Services are person-centered, recovery-oriented rehabilitative services designed to help individuals achieve and maintain recovery from mental health conditions by treating the symptoms of those conditions and restoring skills which have been lost due to the onset of mental illness and which are necessary for individuals to manage and cope with the symptoms and behaviors associated with mental health conditions and function successfully in the community. Medically necessary Outpatient Mental Health Services are those which are necessary to promote the maximum reduction of symptoms and/or restoration of an individual to their best age-appropriate functional level and are provided according to an individualized treatment plan.

9. Federal Standards: The regulatory amendments do not exceed any minimum standards of the federal government for the same or similar subject areas.

10. Compliance Schedule: This rulemaking will be effective upon publication of a Notice of Adoption in the State Register.

Regulatory Flexibility Analysis

No regulatory flexibility analysis is required pursuant to section 202-(b)(3)(a) of the State Administrative Procedure Act. The proposed amendment does not impose an adverse economic impact on small businesses or local governments, and it does not impose reporting, record keeping or other compliance requirements on small businesses or local governments.

Rural Area Flexibility Analysis

No rural area flexibility analysis is required pursuant to section 202-bb(4)(a) of the State Administrative Procedure Act. 14 NYCRR Part 599 will align the clinic program with the State Plan Amendment and provide for greater flexibilities. The proposed rule will not impose any adverse economic impact on rural areas; therefore, a Rural Area Flexibility Analysis is not necessary with this notice.

Job Impact Statement

The amendments to 14 NYCRR Part 599 are intended to provide regulatory relief to providers and allow flexibility in the delivery of mental health services to more accurately reflect the needs of recipients and standards of good clinical care. It is evident from the subject matter of this rule that it could only have a positive impact or no impact on jobs or employment, therefore a Job Impact Statement is not necessary with this notice.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Transfer of Arbor Hills' Assets and a Rate Proposal Regarding Investments Made by Liberty in the Arbor Hills System

I.D. No. PSC-23-22-00022-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed by Liberty Utilities (New York Water) Corp. (Liberty) and Arbor Hills Water Works (Arbor Hills) for the transfer of Arbor Hills' assets to Liberty and a rate proposal.

Statutory authority: Public Service Law, sections 4(1), 5(1)(f), 89-c(1), (10) and 89-h(1)

Subject: Transfer of Arbor Hills' assets and a rate proposal regarding investments made by Liberty in the Arbor Hills system.

Purpose: To determine if the transfer of Arbor Hills' assets and a rate proposal is in the public interest.

Substance of proposed rule: The Public Service Commission is considering a joint petition filed on May 6, 2022 by Liberty Utilities Corp. (Liberty) and Arbor Hills Water Works (Arbor Hills) for the transfer of Arbor Hills' water system assets to Liberty.

Arbor Hills provides metered water service to 66 customers in the Arbor Hills Development, located in the Town of Lewisboro, Westchester County. Pursuant to the Public Service Commission (the Commission) Order Appointing Temporary Operator in Case 16-W-0415, issued March 9, 2017, Liberty assumed the role of temporary operator of the Arbor Hills system. As the temporary operator, Liberty has taken over all daily operations and administrative oversight for the Arbor Hills system. Liberty has made significant repairs and improvements to the Arbor Hills system, with an estimated investment of \$1.5 million in, among other things, well repairs, service line replacements, meter replacements, and backup power. The joint petition forecasts the need to further invest \$2.925 million to meet water demand and to facilitate necessary treatment upgrades. Additionally, the joint petition notes that Liberty has under collected revenues versus operating expenses during its tenure as the temporary operator, with an approximate under collection of \$414,000.

The joint petition requests that Liberty be authorized to acquire the assets of Arbor Hills for \$25,000 and continue the provision of safe service, including making the necessary investments into the Arbor Hills system. The joint petition notes that the transfer of Arbor Hills' assets to Liberty would also enable Liberty to implement recovery mechanisms for its reasonable expenses associated with operating and improving the water system assets. Upon acquisition, the joint petition proposes that Liberty be authorized to convert the existing customers of Arbor Hills to a monthly billing system and implement a surcharge to collect the revenue shortfall of \$414,000. The joint petition specifies that Liberty would also create a regulatory asset/liability for any further under/over collections through the filing of its next rate case, which would adjust the recovery surcharge as necessary. The joint petition states that, upon approval of the transfer, the rates of Arbor Hills' existing customers (absent the proposed revenue recovery surcharge) would be frozen for at least two rate year periods, at which time those customers would be incorporated into Liberty's SA 1 territory and be subject to the rates of SA 1 in effect at that time.

The joint petition specifies that, as part of the transfer of Arbor Hills' assets to Liberty, Liberty would also acquire the Escrow Accounts of Arbor Hills, which have a total existing balance of \$64,000. The joint petition proposes that Liberty be authorized to use this balance towards its \$1.5 million regulatory asset for capital improvements made through June 30, 2021. The balance of capital investments made would be maintained in regulatory asset until Liberty's next rate filing. Finally, the joint petition proposes that all revenues, production costs, and property taxes associated with the Arbor Hills system be excluded from Liberty's reconciliation, earning sharing mechanism, customer service incentive, and utility plant in service targets. The joint petition states that these rate proposals would allow Liberty to provide service to Arbor Hills' existing customers while making necessary improvements to the system. The joint petition asserts that the transaction is contingent upon approval of these rate proposals.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

16 NYCRR Article VII Waiver

I.D. No. PSC-23-22-00023-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed by Beacon Wind LLC for waiver of certain provisions of 16 NYCRR regarding requirements for applications under PSL Article VII for Certificates of Environmental Compatibility and Public Need.

Statutory authority: Public Service Law, sections 4 and 122

Subject: 16 NYCRR Article VII waiver.

Purpose: To consider a waiver of certain regulations relating to the content of an application for transmission line siting.

Substance of proposed rule: The Commission is considering a petition filed by Beacon Wind LLC (Beacon) on May 13, 2022, pursuant to Public Service Law (PSL) Article VII with the Public Service Commission (Commission), for a Certificate of Environmental Compatibility and Public Need, authorizing Beacon to construct, own, operate and maintain the New York portion of the transmission facilities required to interconnect the proposed Beacon Wind 1 Offshore Wind Generating Facility (the OSW Facility) to a Point of Interconnection with the New York State Transmission System, located at the Astoria power complex in Queens, New York. Beacon filed the petition seeking waivers of Commission regulations 16 NYCRR § 86.3(a)(1) and 86.3(b)(2), both of which pertain to mapping requirements of applications filed pursuant to PSL Article VII.

More specifically, 16 NYCRR § 86.3(a)(1) requires that Beacon submit detailed New York State Department of Transportation (NYSDOT) topographic maps showing: (i) the proposed right-of-way with a five-mile buffer on either side of the proposed facility location; (ii) where construction of the proposed facility would involve permanent changes to existing vegetation, topography or man-made structures; and (iii) any known historical, geologic, archaeological or scenic area, including parks and untouched wilderness, within three miles of the right-of-way. Beacon requests Commission approval to provide, as an alternative to the required maps, the most recent topographical maps prepared by the National Geospatial Program of the United States Geological Survey (USGS maps) showing the same information that the regulation requires from NYSDOT maps.

For its other waiver request, 16 NYCRR § 86.3(b)(2) requires that Beacon submit various aerial photographs of the project area that were taken within six months of the date its application is filed. Beacon requests waiver of this temporal requirement and to alternatively attest, upon request, that the photographs submitted with the application, taken within two years, reflect current conditions of the area surrounding the proposed facility.

The full text of the petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Minor Rate Filing

I.D. No. PSC-23-22-00024-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a proposal by Heritage Estates Homeowners Association, LTD. to increase its annual total revenues by \$8,990 or 49.9% and to convert Heritage's tariff schedule to an electronic format.

Statutory authority: Public Service Law, sections 4(1), 5(1)f, 89-b(1), 89-c(1), (3), (10)(a), (b) and (f)

Subject: Minor rate filing.

Purpose: To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.

Substance of proposed rule: The Commission is considering a proposal filed by Heritage Estates Homeowners Association, LTD. (Heritage) to amend its tariff schedule, P.S.C. No. 1 – Water, to increase the Company's annual revenues by approximately \$8,990, or 49.9%, and convert its paper tariff schedule to an electronic format.

Heritage states that the proposed rate increase is necessary to cover the current and projected increases to operating expenses, including salaries and water testing. Heritage also requests authorization to (1) adopt a flat rate service that would result in customers being billed on a quarterly basis, (2) implement a return check charge, (3) modify the number of days of notice required for willful termination of service to 30 days, and (4) implement new restoration of service charges of \$100 during normal business hours, \$150 outside business hours on Monday through Friday, and \$200 on weekends or holidays. Finally, Heritage seeks authorization to convert its tariff schedule, P.S.C. No. 1 – Water, which is currently in a paper format, to an electronic format. Heritage requests waiver of the newspaper publication requirements as it will notify customers directly by mail.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

Department of Taxation and Finance

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Designation of a Records Appeals Officer to Decide Appeals from Departmental Responses to Requests for Public Access to Records

I.D. No. TAF-23-22-00006-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of section 2370.8(a) of Title 20 NYCRR.

Statutory authority: Tax Law, section 171, subdivision First; Public Officers Law, sections 89(4)(a)(FOIL); 20 NYCRR, section 1401.7

Subject: Designation of a records appeals officer to decide appeals from departmental responses to requests for public access to records.

Purpose: To provide for greater flexibility in designating a records appeals officer to decide appeals under FOIL.

Text of proposed rule: Section 1. Subdivision (a) of section 2370.8 is amended to read as follows:

(a) [The Commissioner of Taxation and Finance hereby designates the Deputy Counsel in the Office of Counsel of the Department of Taxation and Finance as “records appeals officer”] *“Records appeals officer” shall mean the person designated by the commissioner to decide appeals from denial of access to records or denial of exception from disclosure under the Freedom of Information Law and does not serve as a records access officer.* The address of the records appeals officer is: [Deputy Counsel of the] Office of Counsel, Building 9, State Campus, Albany, NY 12227. The records appeals officer may designate one or more members of the department[, as he deems necessary,] to serve as assistant records appeals officer and such assistant or assistants shall have only those functions and responsibilities which are expressly designated to the assistant or assistants by the records appeals officer.

Text of proposed rule and any required statements and analyses may be obtained from: Kathleen Chase, Tax Regulation Specialist, Department of Taxation and Finance, Office of Counsel, Building 9, W.A. Harriman Campus, Albany, NY 12227, (518) 530-4153, email: kathleen.chase@tax.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

1. Statutory authority: Tax Law, section 171, subdivision First, generally authorizes the Commissioner of Taxation and Finance to promulgate regulations, such as may be necessary for the exercise of the Department’s powers and performance of its duties; Public Officers Law section 87 (Freedom of Information Law) requires each agency to promulgate rules and regulations in conformity with the Freedom of Information Law (FOIL) and applicable rules and regulations promulgated by the Committee on Open Government pertaining to the availability of records and procedures to be followed (21 NYCRR Part 1401); Public Officers Law section 89(4)(a) provides that any person denied access to a record may appeal such denial to the head of such agency or the person therefor designated by such head; 21 NYCRR 1401.7(a) requires the head of an agency to determine appeals or designate a person or body to hear appeals regarding denial of access to records under the Freedom of Information Law.

2. Legislative objectives: In keeping with the Department’s duties under section 171 First of the Tax Law, the proposed rule amends 20 NYCRR 2370.8(a) to provide the commissioner with more flexibility in designating a records appeals officer to respond to appeals from decisions regarding public access to records requests. Section 2370.8 currently explicitly designates the Deputy Counsel of the Office of Counsel of the Department of Taxation and Finance as records appeals officer. The amendments simply remove the restrictive language explicitly limiting the records appeals officer to one specific person, instead defining “records appeals officer” as the person designated by the commissioner to hear appeals from denial of access to records or denial of exception from disclosure under the Freedom of Information Law. These amendments give the commissioner greater flexibility in designating a records appeals officer, thereby enabling the department to more efficiently discharge its obligations under the Freedom of Information Law.

3. Needs and benefits: The rule accords the commissioner greater flexibility in designating the records appeals officer to respond to appeals from decisions relating to public requests for access to departmental records. Currently, 20 NYCRR 2370.8(a) specifically designates as records appeals officer the Deputy Counsel of the Office of Counsel of the Department of Taxation and Finance. The proposed rule would define “records appeals officer” as the person so designated by the commissioner, thereby providing for more latitude in designating the department’s records appeals officer. The duties and responsibilities of the records appeals officer would remain unchanged. The rule merely makes it possible for someone other than the Deputy Counsel to be the designated records appeals officer, providing the department with greater flexibility to dedicate its resources, thereby enhancing the department’s ability to efficiently discharge its obligations under the Freedom of Information Law.

4. Costs:

(a) Costs to regulated parties for the implementation and continuing compliance with this rule: The rule imposes no additional costs on regulated parties.

(b) Costs to this agency, the State and local governments for the implementation and continuation of this rule: No additional costs are imposed on the agency for the implementation and continuation of the rule.

(c) Costs to private regulated parties: The amendments do not impose any costs on private regulated parties.

(d) Costs to regulating agency for implementation and continued administration: The amendments do not impose any costs on the regulating agency for implementation and continued administration.

(e) Information and methodology: This analysis is based on a review of the statutory requirements and on discussions among department personnel.

5. Local government mandates: The rule imposes no local government mandates.

6. Paperwork: This rule will not require any new forms or information.

7. Duplication: This rule does not duplicate any other requirements.

8. Alternatives: The Department did not consider other alternatives because the designation language of the records appeals officer provision is so restrictive that the only alternative that provides the commissioner with greater flexibility in appointing such an officer is to amend the language designating one specific individual as that officer.

9. Federal standards: This rule does not exceed any minimum standards of the federal government for the same or similar subject area.

10. Compliance schedule: Because the amendments do not eliminate the required position of records appeals officer, but rather merely expand the potential candidates to hold that position beyond one specific individual, the rule has no compliance scheduling implications for regulated parties.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not being submitted with this rule because it will not impose any adverse economic impact or any additional reporting, recordkeeping, or other compliance requirements on small businesses or local governments.

The rule amends 20 NYCRR 2370.8(a), relating to the designation of a records appeals officer. Part 2370 generally relates to procedures for public disclosure of documents and records held by the Department of Taxation and Finance, in conformity with the Freedom of Information Law. Section 2370.8(a) explicitly designates the Deputy Counsel in the Office of Counsel of the Department of Taxation and Finance as records appeals officer. The records appeals officer decides appeals from denial of access to records or denial of exception from disclosure pursuant to the Freedom of Information Law. The amendments simply remove the language limiting the records appeals officer designee to one specific individual, instead defining “records appeals officer” as the person so designated by the commissioner. These amendments provide for greater flexibility in designating the records appeals officer, thereby enhancing the department’s ability to efficiently discharge its obligations under the Freedom of Information Law.

The rule has no impact on small businesses and local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not being submitted with this rule because it will not impose any adverse impact on any rural areas.

The rule amends 20 NYCRR 2370.8(a), relating to the designation of a records appeals officer. Part 2370 generally relates to procedures for public disclosure of documents and records held by the Department of Taxation and Finance, in conformity with the Freedom of Information Law. Section 2370.8(a) explicitly designates the Deputy Counsel in the Office of Counsel of the Department of Taxation and Finance as records appeals officer. The records appeals officer decides appeals from denial of access to records or denial of exception from disclosure pursuant to the Freedom of Information Law. The amendments simply remove the language limiting the records appeals officer designee to one specific individual, instead defining “records appeals officer” as the person so designated by the commissioner. These amendments provide for greater flexibility in designating the records appeals officer, thereby enhancing the department’s ability to efficiently discharge its obligations under the Freedom of Information Law.

These amendments have no impact on rural areas.

Job Impact Statement

A Job Impact Statement is not being submitted with this rule because it is evident from the subject matter that the rule will have no impact on jobs and employment opportunities.

The rule amends 20 NYCRR 2370.8(a), relating to the designation of a records appeals officer. Part 2370 generally relates to procedures for public disclosure of documents and records held by the Department of Taxation and Finance, in conformity with the Freedom of Information Law. Section 2370.8(a) explicitly designates the Deputy Counsel in the Office of Counsel of the Department of Taxation and Finance as records appeals

officer. The records appeals officer decides appeals from denial of access to records or denial of exception from disclosure pursuant to the Freedom of Information Law. The amendments simply remove the language limiting the records appeals officer designee to one specific individual, instead defining “records appeals officer” as the person so designated by the commissioner. These amendments provide for greater flexibility in designating the records appeals officer, thereby enhancing the department’s ability to efficiently discharge its obligations under the Freedom of Information Law.

These amendments have no impact on jobs.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
AAM	01	12	00001	P

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to revise provisions for beneficiaries in qualifying clinical trials enrolled in Alternative Benefit Plans (ABP). The following changes are proposed:

Non-Institutional Services

The following is a clarification to the March 30, 2022 noticed provision for beneficiaries in qualifying clinical trials enrolled in ABP.

With clarification, the Department assures access to early and periodic screening, diagnostic and treatment (EPSDT) services in compliance with § 440.345 will continue unchanged. Tribal consultation was conducted in compliance with 5006(e) of the American Recovery and Reinvestment Act of 2009.

There is no estimated annual change to gross Medicaid expenditures as a result of this proposed amendment, since these benefits are already covered under long-standing NYS Medicaid policy.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

COURT NOTICES

AMENDMENT OF RULE

Amendment of Rule

Uniform Rules for the Supreme and County Courts

Pursuant to the authority vested in me, and with the advice and consent of the Administrative Board of the Courts, I hereby amend Rule 11 of section 202.70(g) of the Uniform Rules for the Supreme and County Courts (Rules of Practice for the Commercial Division), effective May 31, 2022, to read as follows:

Preamble to Rule 11. Acknowledging that discovery is one of the most expensive, time-consuming aspects of litigating a commercial case, the Commercial Division aims to provide practitioners with a mechanism for streamlining the discovery process to lessen the amount of time required to complete discovery and to reduce the cost of conducting discovery. It is important that counsel's discovery requests, including depositions, are both proportional and reasonable in light of the complexity of the case and the amount of proof that is required for the cause of action.

Rule 11. Discovery.

(a) *The court may direct plaintiff to produce a document stating clearly and concisely the issues in the case prior to the preliminary conference. If there are counterclaims, the court may direct the party asserting such counterclaims to produce a document stating clearly and concisely the issues asserted in the counterclaims. The court may also direct plaintiff and counterclaim plaintiff to each produce a document stating each of the elements in the causes of action at issue and the facts needed to establish their case.*

(b) *The court may further direct, if a defendant filed a motion to dismiss and the court dismissed some but not all of the causes of action, plaintiff and counterclaim plaintiff to revisit the documents to again state, clearly and concisely, the issues remaining in the case, the elements of each cause of action and the facts needed to establish their case.*

(c) *Any written description of a party's claims/defenses provided under this Rule is not binding and does not limit the scope of a party's pleadings.*

[(a)](d) The preliminary conference will result in the issuance by the court of a preliminary conference order. Where appropriate, the order will contain specific provisions for means of early disposition of the case, such as (i) directions for submission to the alternative dispute resolution program, including, in all cases in which the parties certify their willingness to pursue mediation pursuant to Rule 10, provision of a specific date by which a mediator shall be identified by the parties for assistance with resolution of the action; (ii) a schedule of limited-issue discovery in aid of early dispositive motions or settlement; and/or (iii) a schedule for dispositive motions before disclosure or after limited-issue disclosure.

[(b)](e) The order will also contain a comprehensive disclosure schedule, including dates for the service of third-party pleadings, discovery, motion practice, a compliance conference, if needed, a date for filing the note of issue, a date for a pre-trial conference and a trial date.

[(c)](f) The preliminary conference order may provide for such limitations of interrogatories and other discovery as may be necessary to the circumstances of the case. Additionally, the court should consider the appropriateness of altering prospectively the presumptive limitations on depositions set forth in Rule 11-d.

[(d)](g) The court will determine, upon application of counsel, whether discovery will be stayed, pursuant to CPLR 3214(b), pending the determination of any dispositive motion.
