Please join your LeadingAge NY colleagues for an in-depth discussion of the future of nursing home case mix as well as a general reimbursement update/state budget wrap-up. A working lunch will be served at 11:45. While the sessions are tailored for CFOs, other finance staff and Administrators are always welcome to attend.

MEETING AGENDA

The Future of Case Mix. For the first session, the CFO Council will meet jointly with the Nursing Home Cabinet for an in-depth discussion of nursing home case mix dynamics. The session will provide participants a better understanding of the future of Medicaid case mix adjustment while assisting LeadingAge NY to refine its position for upcoming case mix workgroup deliberations. Michael Sciacca of Zimmet Healthcare will share insights on case mix approaches used in other states and lend his expertise to the dialogue. Don't miss this important and unique opportunity.

Budget Wrap and Reimbursement Update. The second session will feature LeadingAge NY staff who will outline provisions of interest to long term care providers in the recently enacted state budget and provide a mid-year review of the various reimbursement issues nursing homes are facing.

The meeting is free but we do ask that you indicate your participation by May 3rd. Please do so by following the link below and entering your name and contact information.
