Geographic Scope	Which geographic areas to include?			
	If all, should all begin at the same time? If not, what timelines?			
	What preparatory steps necessary to build for 2020 in all geographic areas?			
Consolidation of Existing Programs	What consolidation of Existing Programs should we consider?			
	Should any programs be maintained exactly as they are? If so, which programs and why?			
	How many integrated programs should there be?			
What Platform for Integration?	Should the state request permission to continue using the MMP demonstration authority (FIDA Platform) to build the FOIC program?			
	Should the state pursue additional demonstration authority for the FOIC program? For example, demonstration authority was used to allow for integrated appeals, use of an enrollment broker, and joint state and federal review of marketing materials under FIDA.			
	Should the state use a Medicare Advantage Dual Eligible Special Needs Plan (D-SNP) or Fully Integrated Dual Eligible Special Needs Plan (FIDE-SNP) plus Medicaid Plan model?			
	What considerations for each? Timelines?			
	What transition process and protections need to be incorporated?			

Considerations for
Transition to the
Future of Integrated
Care

How to move consumers to the new model?

How to ensure seamless transition?

What do you want the state to make sure we consider
about transition as DOH is planning for the program?
