

The Centers for Medicare & Medicare Services (CMS) announces the 2023 Calendar Year PACE Application and Waiver Request Submission Windows and Deadlines. CMS advises all PACE organizations and applicants that it will only consider Initial and Service Area Expansion Applications submitted to CMS that are supported by the applicable State Administering Agency (SAA) and include a signed and dated state assurance form.

Applications must include all required documentation at the time of submission. The only exception to this requirement is the state readiness review (SRR) for a proposed center site, which may be submitted as part of a response to a CMS Request for Additional Information (RAI). All PACE applicants are encouraged to review our training posted at: <https://www.cms.gov/Medicare/HealthPlans/PACE/Overview.html>.
