Commissioner

**LISA J. PINO, M.A., J.D.**  
Executive Deputy Commissioner

To: All UAS-NY Users with an LTC or CAS Role

From: UAS-NY Project Team

Date: 4/15/21

Re: UAS-NY: Updates to the ICD-10-CM Codes

### Updates to the ICD-10-CM Codes – COVID-19 Update

New ICD-10-CM codes are now available for use. These changes will align with updates published by the Centers for Medicare & Medicaid Services (CMS) in response to the national emergency that was declared concerning the COVID-19 outbreak. The update includes 6 new diagnosis codes implemented by the Centers for Disease Control and Prevention's (CDC) National Center for Health Statistics (NCHS).

The update will apply to both the UAS-NY Online Application and the UAS-NY Offline Application.

### UAS-NY Offline Application Users

The updated ICD codes will automatically download to the user's existing Offline Application without requiring a new version of the UAS-NY Offline Application. The download will occur when the user syncs their Offline Application to the UAS-NY Online Application. Be advised, at point of download the sync may take longer than usual.
