Medical Home – Payment Guidance for Plans *PCMH & Adirondack Medical Home Programs*

Changes Effective April 1, 2015

August 13, 2015

Medical Home Payment - Changes

- Payment for Medical Home program (PCMH and Adirondack Medical Home) has been removed from the premium effective April 1, 2015 per CMS.
- Plans will be paid 2 times per year; based on medical home expenses reported in the 2Q and Annual MMCORs/HIV SNPORS.
- The first payment will be based on the 2Q 2015 MMCOR/HIV SNPOR and will include a reconciliation to determine if the plan has been overpaid or underpaid through March 31, 2015. The reconciliation will be netted from the first payment. If plan owes State money the State will use this balance and net it against future medical home expenses.
- The “reconciliation” for all plans will be based on payments to plans included in the rates through March 31, 2015 and medical home expenses incurred through June 30, 2015 (reported in the 2Q 2015 MMCOR/HIV SNPOR.)
