Basic Typology of Government Funded Managed Care in New York

MEDICAID

Mainstream Medicaid Managed Care (4.4 million members)
- Medicaid for individuals not eligible for Medicare

Health and Recovery Plan (HARP) (83,000 members)
- Specialized health plan for individuals needing behavioral health services who are eligible for Medicaid but not Medicare

Managed Long Term Care (MLTC, a.k.a. “Partially Capitated“) (174,000 members)
- Medicaid managed care for those eligible for Medicaid and Medicare and in need of long term care services
- Although these plans are often referred to as “MLTC Plans”, MLTC is actually a category that includes multiple types of plans including PACE, MAP and FIDA

MEDICARE

Medicare Advantage
- Medicare managed care plan providing Medicare services only

Medicare Special Needs Plan (SNP)
- Medicare Advantage plan that limits enrollment to a designated population (Institutional= I-SNP; Duals= D-SNP; Chronic Conditions= C-SNP)

MEDICAID + MEDICARE

Program of All Inclusive Care for the Elderly (PACE) (5,600 members)
- High-touch model of managed long term care that integrates all Medicaid and Medicare services and funding streams for individuals in need of long term care services

Medicaid Advantage Plus (MAP) (6,800 members)
- Model of managed long term care that integrates all Medicaid and Medicare services and funding streams for individuals in need of long term care services

Medicaid Advantage (8,300 members)
- Coordinated set of Medicaid and Medicare services for individuals eligible for Medicaid and Medicare but who are not in need of long term care services

Fully Integrated Duals Advantage (FIDA) (4,700 members) **Demonstration**
- Model of managed long term care that integrates all Medicaid and Medicare services and funding streams for individuals in need of long term care services
- Demonstration area limited to NYC, LI & Westchester

Fully Integrated Duals Advantage- Intellectual and Developmental Disabilities (FIDA-IDD) (500 members)
- FIDA plan serving dually eligible individuals with developmental disabilities in the FIDA demo area

Stars indicate MLTC plans of greatest relevance to ALP providers. Membership counts are from Feb. 2017 DOH posting of enrollment report figures. A consumer guide with descriptions of the different types of MLTC is available at: [www.health.ny.gov/health_care/medicaid/redesign/docs/mltc_guide_e.pdf](http://www.health.ny.gov/health_care/medicaid/redesign/docs/mltc_guide_e.pdf)
