

With Nonstop’s unique approach to the Medical Expense Reimbursement Plan (MERP), you can provide better benefits for less.

Nonstop’s level-funded MERP solution allows you to enhance your benefits without the unpredictable costs and burdens of a traditional MERP. Nonstop’s Key Advantages:

For Employers

Fixed monthly costs

Return of Reserve of unused funds

Claims administration and white-glove customer support

Reduced administrative burden and enhanced decision-making ability because of Nonstop’s integrated financial dashboard for finance, HR and end-users

For Employees

Reduced or eliminated employee out-of-pocket expenses

Visa card for in-network medical transactions per employee

Increased productivity due to better access to primary care

Enhanced loyalty and workforce happiness because of a more competitive total compensation benefits package

“Switching to Nonstop was a really easy decision for me. I saw that we would save money on our premiums and at the same time we could make our staff very happy... I still have staff coming up to me and thanking me for their health insurance, and that’s really unusual... Going with Nonstop is the best thing I’ve done for staff recruitment and staff retention in my 22 years here.”
