

NONSTOP HEALTH®

Health insurance that reduces costs for employers and employees

Nonstop Administration and Insurance Services, Inc. offers **Nonstop Health**, a health insurance solution designed to eliminate out-of-pocket costs for employees, while remaining affordable for organizations.

WHO WE ARE

- + Mission-driven
- + Value health equity
- + Passionate about affordable healthcare

WHAT WE SOLVE

- + Rising premiums
 - We reduce employer premiums by an average of 8–10%
- + Unpredictable costs
 - Employers have a fixed monthly cost
- + Cost shifting
 - Employees' benefits improve with \$0 deductibles, \$0 copays, and \$0 coinsurance
- + Confusion and clunkiness
 - Members pay using their Nonstop Visa card and have access to top-of-the-line member services

HOW WE SOLVE IT

We combine the cost savings of a self-funded plan with the financial predictability of a fully funded plan by wrapping a Section 105 Medical Expense Reimbursement Plan (MERP) around a high-deductible health plan (HDHP) from your choice of carrier (no need to change). We bypass all of the financial risk or upfront costs of traditional HRAs.

FIRST-DOLLAR COVERAGE

This method provides first-dollar coverage to members and their families. The plan pays first before employees experience out-of-pocket expenses. To encourage preventative care, we eliminate barriers and support health equity. We make things easy by providing enrollees with a medically coded, pre-loaded Visa debit card for a seamless user experience.

“I stay at my current job for a number of reasons, but Nonstop coverage is one of the biggest. It has been life-changing.”
