Surface Defender

The Professional Fix: Electrostatic Spray Technology

You may be able to take small steps to keep your environment cleaner than most, but ultimately, you'll need professional services to effectively combat the spread of disease.

Electrostatic spray technology is one professional fix that uses an electrical charge to allow the appropriate sanitizers and disinfectants to wrap around and evenly coat all types of surfaces for a more complete clean.

Surface Defender

Why Electrostatic?

By charging the solution, Victory Sprayers achieve a 3D wrap-around effect that coats entire objects.
