

The Osborn Rededicates H.O.P.E. Center for Memory Care

Earlier this month, The Osborn senior living community in Rye celebrated the rededication of its Memory Care program now called “The Dr. Edward C. Pasciuti H.O.P.E. Center for Memory Care” in recognition of the doctor’s ongoing generosity. An educator and counselor in the New Rochelle School District for 40 years, Dr. Pasciuti has been a resident of The Osborn’s Sterling Park Independent Living Community for 20+ years and has spearheaded fundraising for scholarships benefitting children of staff as well as a memorial garden on campus. Through the nationally-recognized H.O.P.E. Center, which stands for Home Environment, Optimism, Passion, and Empathy, The Osborn’s caring professional staff and family-style living provide a safe, positive environment for older adults with Alzheimer’s and other forms of dementia. **Pictured (L-R):** Osborn President and CEO Matthew G. Anderson with Dr. Edward C. Pasciuti at the ceremony in The Osborn’s Betty Neagle Garden.
