

**Maureen E. McClusky, MA, LNHA, FACHE**

Ms. McClusky has been appointed Senior Vice President of Post-Acute/Long Term Care for NYC Health + Hospital system. In this newly created position, she will be responsible for formulating strategies to meet the changing needs of the marketplace to mitigate financial risk, create standardized care processes to drive better health outcomes and reduce costs across the system's post-acute/long term entities. She has a combined 25 years of experience in post-acute care. She served as Executive Director of ArchCare's largest specialty post-acute facility in East Harlem and oversaw skilled nursing facility operations for Northwell Health, St. Mary's Healthcare System for Children, and Bergen Regional Medical Center. She has a BA from SUNY at Stony Brook and a Master's from NYU School of Health, Nursing and Arts Professions. Ms. McClusky started on April 4, 2016.
