

The bats were hot and the
team spirit was even hotter at the
Second Annual
Play to Remember Softball Tournament!

RiverSpring Health's formidable softball team
competed in this unique overnight tournament to bring
attention to the 24/7 demands
of Alzheimer's caregiving.

Reaching the championship finals, the team suffered a
narrow loss of 7-6, but was proud to get
so far in this competitive tournament.

Beginning at 8:30PM on June 14
and continuing until 3AM on June 15,
RiverSpring Health created this tournament,
in partnership with CaringKind,
to raise awareness (and over \$3,000!)
about caring for a loved one with Alzheimer's.

Congratulations to the
RiverSpring Health softball team!

Teammates Angel Rodriguez and David Siegelman

Well deserved smile after a great hit!

Go team RiverSpring Health!

Great sportsmanship on the field!
