

## Good Shepherd Foundation Celebrates Chase Employee for Completion of BOCES LPN Program

*We celebrated Paige T, an employee here at Chase Memorial. Paige went through the LPN Program at the DCMO Boces in Norwich, NY, and completed the class successfully.*

*Tammie B, Foundation Development Associate for the Good Shepherd Foundation awarded Paige with a check to reimburse her the cost of the LPN class.*

*The Good Shepherd Foundation was founded in 1987 and was built on 3 initiatives.*

- 1. To ensure the residents receive the best quality of care we can provide.*
- 2. The Good Shepherd Mission to be able to provide funds for projects like the new flooring in the dining room that was installed a couple of years ago.*
- 3. To provide employee recognition. To celebrate milestones for our employees like tuition reimbursement.*

*Paige is now an LPN and the employees, residents, and the Good Shepherd Foundation would like to congratulate Paige on her accomplishments. We are so proud to have Paige as an employee at Chase. Congratulations Paige!*
