

Call For Submissions

LeadingAge New York Adviser e-Magazine

Now, more than ever, members are looking in all directions to survive and thrive. We know that difficult times bring out the creativity in mission-driven providers and ***we want you to share ideas, strategies, and solutions.***

The Summer 2022 issue of LeadingAge New York *Adviser* will focus on partnerships developed to solve pressing issues. Are you a member who has partnered with other members, other businesses or families and volunteers to create a solution? If so, please share! Or do you represent a business who has provided a unique solution to providers of care, services, or housing for the aging or other special populations?

If it is working, we want to hear about it! All submissions should be no more than 500 and can include pictures and links to multimedia sources. Materials will be accepted through **June 1, 2022**, and they should be submitted to Jacqueline Colafemina at jcolafemina@leadingageny.org.
