**ART AWARDS AT ST. JOHNLAND**

St. Johnland Nursing Center residents won prizes in the 2018 Annual Art Exhibit, a statewide competition sponsored by the non-profit association LeadingAge New York. Eleven residents received certificates of commendation and their work which will be on display in the LeadingAge offices. Roberta Kavan's art was chosen to be part of a traveling exhibit and Rita Sulton's watercolor received a Staff Choice Award. The weekly art classes at St. Johnland have been taught for fifteen years by Art League of Long Island instructor Roberta Erlagen with assistance by Recreation Therapist Jennifer Haug. Congratulations to all the winners!
