Exam Practice Test #3 during Covid 19 Quarantine

Multiple Choice. Choose the correct answer.

1. A nurse aide finds a resident with a history of falls lying on the floor of the resident's room. The resident is crying and says, "I fell again". What should the nurse aide do first?
 - (A) Call for help while keeping the resident calm
 - (B) Check for injuries while asking how the resident fell
 - (C) Place a pillow under the resident's head and cover with a blanket
 - (D) Consider if the resident is trying to get attention

2. Which of the following is the best example of using reality orientation with a resident with early dementia?
 - (A) "Your son plans to visit today at 2:00pm"
 - (B) "You are in a nursing home. I am here to help you"
 - (C) "This is your daughter Anna, Do you remember her?"
 - (D) "Look at the time. Lunch is in 30 minutes. Are you feeling hungry?"

3. A resident's leg has recently been amputated. Since the surgery the resident has not wanted to leave his room. What response by the nurse aide is most supportive?
 - (A) "You do realize that you will look normal when you get your prosthesis"
 - (B) "Do you think you will ever leave your room? It will make you feel better"

Name: _____ Date _____

- (C) “There is no reason to feel embarrassed about losing your leg”
- (D) “You used to enjoy activities. What’s keeping you in your room so much?”

4. When the resident’s husband begins telling the nurse aide how to care for his wife, the nurse aide should

- (A) Accept that the husband has always been in charge
- (B) Explain that the nurse aide is certified and able to care for his wife
- (C) Suggest that the husband participate in his wife’s care conference
- (D) Understand that the husband wants staff aware of his wife’s needs

5. A resident with a feeding tube is scheduled for a shower. The resident’s feeding tube is connected to a pump. Which of the following is the appropriate response by the nurse aide?

- (A) Disconnect the feeding tube temporarily to give the shower
- (B) Protect the pump with a plastic bag before bringing into the shower room.
- (C) Ask the charge nurse for assistance with the feeding pump
- (D) Give the resident a bed bath since the resident has a feeding tube

Name: _____ Date _____
