Parker Jewish Institute's Social Adult Day Care Program Receives Top Ranking

By Long Island Business News Reader Survey

New Hyde Park, NY, September 6, 2018 -- Parker Jewish Institute for Health Care and Rehabilitation is proud to announce that Parker's Social Adult Day Care Program, *Parker On Madison*, was ranked in the Top Three category in the **Long Island Business News** Reader Ranking Survey. The two other Skilled Nursing Facilities receiving Top Three rankings were Gurwin Jewish and Cold Spring Hills. The survey results appeared in the Long Island Business News (LIBN) Special 2018 Reader Ranking Section, published in print and online on August 31, 2018.

LIBN gathers nominations from readers for the best companies in a variety of categories. Based on those nominations, LIBN creates a "Best Of" survey with those nominees on the ballot, plus a space where voters can write-in their own choices. Next, LIBN sends out their survey to its subscribers. Every vote is counted. Readers can vote for approximately a two week period -- this year, LIBN held their survey voting during July. LIBN then closes the survey, gathers and tabulates the results.

The "Best Of" categories included: Arts & Entertainment; Construction & Design; General Business; Education; Finance, Investments & Insurance; Hospitality & Tourism; Health Care; Information Technology; Law; Real Estate; Long Island Based Organizations, Nonprofits & Networking Groups.

This year LIBN had more than 1,600 votes cast in their Reader Ranking Survey. In the Health Care category, readers were asked to rank Skilled Nursing Facilities with the Best Adult Day Health Care and/or Social Adult Day Care Programs, and there were 425 votes cast. Of those votes, Gurwin Jewish, Cold Spring Hills and Parker Jewish came out with the Top Three rankings. (The Health Care category also included Best Hospitals Nassau, Best Hospitals Suffolk, and Best Senior Living Facility.)

Michael N. Rosenblut, Parker's President and CEO, released the following statement: "Thank you to everyone who voted for Parker Jewish Institute for Health Care and Rehabilitation, and for ranking Parker's Social Adult Day Care Program as one of the best on Long Island. We are grateful to the readers of Long Island Business News for this recognition, and we congratulate all of the winners in every category."

Parker On Madison offers a unique Social Adult Day Care center for the frail elderly, while providing relief and support for caregivers and families. The modern, clean facility features stimulating physical, cultural and social activities, entertainment and nutritious meals. The center's professional staff provides a caring and nurturing environment. They accept Managed Medicaid, FIDA, PACE, other insurance plans and private pay. Door to door transportation for clients is provided. Parker On Madison is located at 92 Madison Avenue, Hempstead, New York. Call for an appointment at (877) 727-5373.

Parker Jewish Institute, conveniently located at the Queens-Nassau County border in New Hyde Park, is a leading provider of Short Term Rehabilitation and Long Term Care. At the forefront of innovation in patient-centered health care and new technology, the Institute is also a leader in teaching and geriatric research. Parker Jewish Institute features round-the-clock clinical teams, and is nationally renowned as a Skilled Nursing Facility, as well as a provider of community-based health care, encompassing Social Adult Day Care, Home Health Care, Palliative Care and a Hospice Program.
