## **The Osborn Expands Medical Services for Campus Residents**

The Osborn announced that it is partnering with Northeast Medical Group (NEMG), a division of Yale New Haven Health, to offer medical services to residents in Independent Living and Assisted Living on its Rye campus.

“By partnering with Northeast Medical Group, we are able to give these residents direct access to high quality medical care in a private setting convenient to where they live,” said Osborn President and CEO, Matthew G. Anderson. “As the pre-eminent, private continuum of care community in the region, it is our ongoing goal to offer high quality health and wellness services and amenities to meet the needs of our residents.”

The Osborn hosted a reception to introduce its residents to members of the NEMG team earlier this spring. Mr. Anderson and Prathibha Varkey, MBBS, NEMG President and CEO, addressed more than 50 residents and additional staff who attended. There was an open question-and-answer forum with four NEMG clinicians: Franklin Loria, MD; Herbert Archer, MD; Nancy Higbee, APRN; and Lauren Einfrank, APRN.

Dr. Loria has been serving as the Medical Director for The Pavilion, The Osborn’s Skilled Nursing facility, since January 2017.

“We are off to a really great start, and a lasting partnership,” said Dr. Varkey. “The mission of providing patient-oriented care and access to the communities we serve is important to both Yale New Haven Health System and The Osborn, and it has been a delight to partner together in this endeavor.”

**The Osborn** is a private, non-profit, continuum of care community, founded in 1908 and based in Rye, New York. It offers Independent Living, Assisted Living, Memory Care, a Five-Star Skilled Nursing Facility, as well as In- and Outpatient Rehabilitation care. In addition to residential and healthcare services on its 56-acre campus, the organization provides home care in Westchester and Fairfield Counties through Osborn Home Care. The Osborn is accredited by CARF and has an A- rating from Fitch.
