GRADUATION AT ST. JOHNLAND

Graduation Day at St. Johnland Nursing Center featured traditional music, caps and gowns and diplomas. Over the course of nine months, Adult Education classes chosen by popular demand and taught by St. Johnland staff members entertained and educated 30 residents, some as old as 98! Subjects ranged from Italy to Famous Comedians to Men Who Made America as well as many seasonal topics. Salutatorian Peggy Scully and Valedictorian Mary Reed Zoehler inspired the audience with their thoughtful speeches, reminding us that it's never too late to learn something new.
