Did you know...

- ➔ New York's nursing home Medicaid reimbursement is among the worst in the country, according to a Federal, independent, 3rd party agency - MACPAC, Jan. 2023.
- ➔ As a result, there is a **\$1.6 billion Medicaid funding gap** between reimbursement and the cost of care.
- ➔ Medicaid rates impact provider ability to recruit & retain quality staff.
- ➔ The inadequacy of rates impacts all **99,000 nursing home residents** in the state, whether they themselves rely on Medicaid or not.

We need nursing home families
& loved ones to use their voices!

To Update Medicaid Rates, New York MUST:

- Increase nursing home Medicaid rates by 20% (to combat over 50% cost growth since 2007), **AND**
- Restore recent cuts in funding for capital projects (capital reimbursement was cut by 15% since 2020).
