SUBJECT: Contract Year (CY) 2024 “Medicare & You” Handbook - Plan Data Preview

As in past years, CMS is offering your organization an opportunity to preview how your plan data will appear in the CY 2024 “Medicare & You” handbook. This year, the preview period will be **Thursday, August 10 through Monday, August 14 (6:00 p.m., EDT)**. Please review your data as early as possible during the preview period to ensure any updates are reflected in a timely manner in the various materials available to people with Medicare.

It’s critical that you preview your data for accuracy. This data will appear in the following places:

- The “Medicare & You” handbook
- Numerous letters and notices mailed to people with Medicare who are eligible for a low-income subsidy (LIS)
- A variety of other materials and resources

You should carefully check all of the following for accuracy, including spelling, punctuation, and capitalization:

- Organization marketing names
- Organization and plan website addresses (**Don’t include the “http://” preface in your URL; include ONLY ONE website address for each organization and plan.**)
- Plan names
- Plan geographic or segment geographic names (**Add spaces between geographic names and abbreviations to ensure proper formatting. Without these spaces, words may be cut in half when the text wraps around to the next line.**)
- Customer service phone numbers

Incorrect data is confusing to consumers and time consuming for customer service representatives. CMS isn’t responsible for misspellings and typos that you don’t correct during the preview period.

Please review the following information carefully in preparation for your preview.

For each state/area-specific handbook, there will be five sections of plan data. All organizations and plans are listed alphabetically within the data.

- Medicare Prescription Drug Plans
- Medicare Advantage and other Health Plans (including Medicare Medical Savings Account Plans)
- Medicare Special Needs Plans
- Medicare-Medicaid Plans, or MMPs
- Medicare Program of All-Inclusive Care for the Elderly (PACE) Plans

Here’s how you can preview your plan information:

During the preview period, you can visit the **Handbook Preview** site using the following navigation path: **Plan Bids > Plan Data Previews > Handbook Preview > Contract Year 2024**. There, you’ll be able to select your plan(s) to make sure the above information is correct for each. Plans are arranged by state. You may select the green check mark icon if all information is correct. If something isn’t correct, select the red “Add Comment” icon and provide comments.

IMPORTANT NOTE: Because of the number of columns needed to replicate the handbook content, the plan preview page may contain horizontal scrolling. To minimize this issue and

ensure easy access to the “Actions” column, we recommend collapsing the left navigation menu. See **Figure 1** below.

Figure 1

Use the following navigation path to update your **Plan Level Website Address**: Plan Bids > Bid Submission > CY2024 > Manage Plans > Edit Marketing Data > Select Contract Number > Update Plan Marketing Data. From this page, complete the field “Marketing Website Address.” If you don’t have a plan level website, leave this field blank and the 2024 Handbook will reflect your organization website address.

Use the following navigation path to update your **Organization Marketing Name** and/or your **Organization Website Address**: Contract Management > Basic Contract Management > Select Contract Number > Org. Marketing Data (under the General Information header)

Use the following navigation path to update your **Plan Names and Plan/Segment Geographic Names**: Plan Bids > Bid Submission > CY2024 > Manage Plans > Edit Marketing Data.

Use the following navigation path to update your **Plan Customer Service Phone Numbers**: Plan Bids > Bid Submission > CY2024 > Manage Plans > Edit Contact Data.

Again, please review your data as early as possible during the preview period. Making changes early in the process will help ensure we reflect any updates in a timely manner in the various materials and tools available to people with Medicare.

PLEASE NOTE: Any updates you make in HPMS after the plan preview has begun will be reflected in the HPMS Handbook Preview screens. Any changes made in the PBP after the Plan Preview has begun won’t be reflected in the Plan Preview screens.
